NO. 78.

## BIDS IN FOR THE SEA WALL

TENDERS RECEIVED  
BY CITY COUNCIL

Pacific Coast Construction Co.  
Submits the Lowest  
Figure

At last evening's meeting of the city council bids for the construction of the sea wall along Dallas Road foreshore were received and referred to the city engineer, the city solicitor, and the city purchasing agent for report. Eight tenders in all were received, and there was a surprising variation in the estimated cost of the work, the bids ranging from over \$100,000 to less than \$75,000. The various bids were as follows:

Louis A. Borde, \$140,750 or if on rock face instead of granite a reduction of \$11,010 will be made; Parfitt Bros., \$110,884; Hugh MacDonald, \$112,588; Moore & Petick, \$94,837; Pacific Coast Construction Company, \$74,889; Westholm Lumber Company, \$87,386; W. E. Wilson, \$78,777; City Engineer, \$59,437. Mr. Borde's bid was not accompanied by the necessary cheque.

The city solicitor will be asked to report on the application of Simon Leiser & Co., for permission to erect a permanent awning over their warehouse on Yates street. A majority of the members of the board were agreeable to granting the request forthwith, but it was thought better to have some specifications showing the character of the proposed awning, as there will likely be similar applications.

A letter was read from Hon. J. S. Helmcken, protesting against being assessed for boulevards laid in front of his property on Heywood avenue, which abuts on Beacon Hill park. He disputed that the property was liable for any such assessment. The city solicitor was asked to report on the matter.

On the advice of the city solicitor and the city assessor it was decided to issue a permit to Messrs. Moore & Whittington for the erection of a sash and door factory on the corner of Bridge street and Hillside avenue. The report of the two officials showed that the number of petitioners in favor of the granting of the permit to Moore & Whittington was twenty-seven, representing an assessed value of \$257,540, while those petitioning against the erection of the factory numbered seventeen, with a property assessment of \$60,780. But within a smaller area immediately adjoining the proposed site the petitioners against the issuance of the permit were in the majority both in number and property value.

The report also stated that having regard to the judgment of the Chief Justice in the Richardson case, the Nuisance by-law, as adopted by the council, cannot be held to apply unless the council is prepared to assert that the mill of Messrs. Moore & Whittington would reduce the value of the assessable property in the immediate vicinity.

The city solicitor and city assessor stated that they were not prepared to advise the council that such a mill as the one proposed would tend to reduce the value. But, situated as the site is, close to the waters of the inner harbor, it seemed to them that the mill would rather increase values of neighboring properties for manufacturing purposes, if not for residential, than decrease values. The solicitor and assessor conclude by stating that upon the whole they were prepared to recommend the issuance of the permit if the plans of the proposed structure comply with the provisions of the building by-law.

It was decided to lay on the table a recommendation from the city engineer and the water commissioner that the city purchase for \$500 per acre, 6 1/2 acres of land fronting on Beaver lake, owned by J. Allen. Ald. Mable considered the price too high.

### PRIVILEGES RESTORED.

Board of Inquiry Will Shortly Report on Conduct of West Point Cadets.

West Point, N. Y., Oct. 4.—The West Point military academy named its usual routine to-day following the restoration of all privileges to the cadets last night after they had been denied every privilege for over a week on account of their actions in "silencing" Capt. Logan in the mess hall.

Shortly before 6 last evening the cadets were marched to the gymnasium where General Thomas Barry awaited them. Behind closed doors General Barry and the cadets held a confidential talk. The superintendent said he knew nothing of the Logan incident other than what he had read in newspapers. He declared, however, that there would be punishment for those whom the board of inquiry might implicate in its forthcoming report.

General Barry thereupon issued an order restoring full privileges.

### COMMISSION FOR OREGON CITY.

Baker City, Ore., Oct. 4.—Returns only from yesterday's city election showed that Baker City adopted commission form of city government by a two to one vote. This is the first city in Oregon to adopt this system which has much success in Des Moines and other eastern and western cities. Under the new system the affairs of the city will be in the hands of a commission of three, mayor and two commissioners. The mayor receiving \$3,500 a year and the two commissioners \$2,000.

## NEW CITY HALL SCHEME IS UP

MAYOR MORLEY WILL  
MAKE PROPOSAL SHORTLY

His Worship of Opinion That Time  
Has Arrived, to Erect New  
Municipal Buildings

It is likely that at next Monday evening's meeting of the city council Mayor Morley will outline a bylaw which will shortly be submitted to the ratepayers, providing for the erection of new municipal buildings to be utilized as a city hall and public auditorium. His worship has been considering the scheme since the beginning of the year and now considers the time opportune to advance the same for the consideration of the ratepayers.

The aldermen were given a hint of the mayor's proposal during the discussion with Mrs. Anderson relative to the theatre schemes at last evening's meeting of the board. Ald. McKeown remarked that the one reason why the board felt it desirable to assist in the erection of a new theatre was that all were agreed that the city lacked a large hall in which public meetings could be held, and if the city aided the proposal on which Simon Leiser was working there appeared to be an assurance that the necessary accommodation now lacking would be furnished.

His worship remarked that he had not been very greatly impressed with Mr. Leiser's assurance that the theatre if erected would be available to citizens for the purposes of a public auditorium, as it was invariably the case that theatres could not be depended upon to be available at any stated time. However, he assured the members that next week he hoped to lay before them a scheme for the erection of a large public hall in connection with the proposal for a new city hall.

At the meeting of the city council formed the press that he had been giving the matter of erecting new municipal buildings very careful consideration and the details of the project would be made public very shortly. He did not wish to make any statement until after the council had gone into the matter with him, but he was emphatic on the point that Victoria is badly in need of a municipal building which would prove a credit to the capital city of the province. The work of the various departments had so increased that the present quarters are proving entirely inadequate.

It will be recalled that shortly after Mayor Morley assumed office this year, in an interview with the Times he signified his intention of taking up this scheme at an early date.

## GRIEVANCES OF RAILWAY EMPLOYEES

Commission is Sitting at Winnipeg to Hear Maintenance-of-Way Men

(Special to the Times.)

Winnipeg, Oct. 4.—Judge McGibbon, of Brampton, Ont., chairman, F. H. McGuigan and Mr. Lee, comprising a royal commission appointed by the Dominion government to inquire into the grievances of maintenance-of-way men of the Canadian Pacific Railway, Canadian Northern Railway and Grand Trunk Pacific, arrived last evening and opened the first session of the board which will last all week. Evidence will be taken and referred to the department of labor at Ottawa. The maintenance-of-way men all through Canada have been asking for some time for increased wages and the appointment of the present commission was a step taken by the government to avert what might have been a serious strike.

## DOUBLE TRACKING CANADIAN PACIFIC

Line Between Winnipeg and Portage la Prairie Will Be in Operation This Week

(Special to the Times.)

Winnipeg, Oct. 4.—General Superintendent Arundel and a number of Canadian Pacific officials who went over near double tracking between here and Portage la Prairie, are so pleased with the state of the roadbed that the operation of freight and passenger trains over the new line will start this week. The extension of double tracking now in hand will be pushed and next year the double tracking will be started from that point to Regina.

### ETHEL LENEVE.

London, Oct. 4.—Ethel Leneve, who is being held on trial on the charge of being an accomplice after the fact to the murder of Belle Elmore, the American actress, whose husband, Dr. Hawley Harvey Crippen, is held as her murderer in a delicate condition. The prison doctor fears that if she is placed on trial in her present condition it will have serious effect on her. Miss Leneve remains unshaken in her infatuation for Crippen, but declares that she gave her liberty and will acquit such.

### The Colonist.

#### THE CANADIAN NORTHERN.

No announcement will be made concerning the route of the Canadian Northern until October 1st. In the meantime Mr. Wicksteed, chief locating engineer of the Canadian Northern, will come out and consult with Mr. Hughes, the resident engineer, as to the final location. Immediately thereafter construction will be begun and it will be pushed rapidly forward to completion.

THE PROMISE AND THE MEN WHO MADE IT.

## PRaises BOY SCOUTS OF CANADA

GEN. BADEN POWELL  
TELLS OF HIS TRIP

Declares Movement Will Help to Develop the Imperial Spirit

(Special to the Times.)

Liverpool, Oct. 4.—General Baden Powell on his return here had high praise for Canada's Boy Scouts. He said the movement would help to develop the Imperial spirit, and the best men of the Dominion were taking it up. Referring to his visit to the United States, he said there was no doubt that the boys of Canada had a better knowledge of woodcraft and more experience of the field, but some of the Canadian centres were growing into big towns and the scout movement would help to prevent the wastrel and hooliganism.

General Baden-Powell on the voyage home wrote the Scout Guide book for Canada. He visited seventeen scout centres in Canada and found them all organized in the right way.

### DECLINES NOMINATION.

(Special to the Times.)  
Toronto, Oct. 4.—Nicol Jeffrey, nominated by South Wellington Liberals, has declined the nomination for business reasons.

## MILITIA MAY GUARD AUTOMOBILE COURSE

Authorities Decide to Grant Permit for Race on Long Island

(Special to the Times.)

New York, Oct. 4.—The grand prix probably will be run over the Vanderbilt course in Nassau county, on Long Island. After deciding late yesterday to cancel the race, the supervisors of Nassau county when informed they could not be held liable for damages, changed their minds.

Officials of the motor cup, holding company have announced that the race will be run. Every possible human agency will be used to guard against accident. Instead of starting at daybreak the race will commence at 10 a.m., giving people time to get their places at the course and the guards to be properly stationed before the machines get away. Governor Hughes will be asked to send a company of state militia to guard the course.

The Benz company has announced that its three cars which have been entered will not be raced unless the protection offered is better than it was at the Vanderbilt race.

## TWENTY-FIVE SAILORS MISSING

Probably Drowned When Battleship Boat Capsized at New York

(Times Leased Wire.)

New York, Oct. 4.—That the overturning of the battleship New Hampshire's whaleboat Saturday night with its attendant loss of probably 25 lives, will be attributed to the hilarity of the men returning to the battleship in the small boat is the general prediction in the squadron here. It is believed that the board of inquiry investigating the accident will return this report.

No bodies were recovered to-day. Fourteen missing sailors have returned to the warship, having overstayed their leave. This brings the number unaccounted for down to 25. Midshipman Chevalier, who was in charge of the launch that was towing the whaleboat, is suffering from nervous prostration. It is believed that no blame will be attached to him and that he will be awarded a medal of honor for his efforts at rescuing the men thrown out when the whaleboat capsized.

### FLIES ACROSS PYRENEES.

San Sebastian, Spain, Oct. 4.—A successful flight across the Pyrenees was accomplished to-day in a biplane by Maurice Tabateau. Tabateau ascended at San Sebastian at 5:30 o'clock and sailed to Biarritz without stopping. Tabateau's flight is a successful termination of a round trip. He flew here from Biarritz on Friday. The distance from San Sebastian to Biarritz is a little more than 30 miles.

### KILLED BY EXPLOSION.

Washington, Oct. 4.—One man was killed, another fatally hurt and a third seriously injured by an explosion at the Washington navy yard to-day. The accident occurred in a room where high explosives are stored. No cause for the explosion has been given out. John Cadamatori, James Griffith and a third man whose name is not known, entered the room just before the explosion occurred. Cadamatori was instantly killed, his body being terribly mangled. Griffith is said to be dying at the navy yard.

### NEW ZEALAND'S FINANCES.

(Special to the Times.)  
Wellington, Oct. 4.—Premier Ward, speaking at the Liberal and Labor federation meeting here, expressed great satisfaction with the financial position of the Dominion.

### SAILS FOR HOME.

Ottawa, Oct. 4.—Hon. W. L. Mackenzie King, minister of labor, has sailed from Quebec, France, for Canada. Mr. King has been absent since August, attending several international congresses at Paris, Brussels, The Hague and Lugano, Switzerland.

### EPIDEMIC FEARED.

London, Oct. 4.—Fears that a cholera epidemic has broken out in Marseilles are expressed in telegrams received here to-day. Three deaths have occurred in Marseilles, and the city is in a state of great excitement.

## BULLION AND JEWELS STOLEN

ANOTHER ROBBERY  
ON ALASKAN STEAMER

Two Members of Crew Arrested—\$15,000 of Stolen Property Recovered

(Times Leased Wire.)

Seattle, Wash., Oct. 4.—Thomas Buckley and Yalmar Berglin are held in the county jail to-day to answer to the theft of \$25,000 worth of gold bullion, currency and diamonds stolen from the registered mails on the steamer City of Seattle, that arrived in port from Alaska yesterday. Buckley and Berglin were members of the crew and the federal authorities declare Buckley, who is also known as Williams, is the one most responsible. Only \$15,400 of the stolen property has been recovered.

Williams is accused of entering the purser's room and ripping open the mail sacks, taking \$15,000 in bullion, \$5,000 in currency and about \$4,000 worth of diamonds and jewelry. About \$5,000 in currency was found in Buckley's stockings and \$10,000 in gold was found secreted in his clothing and in his bunk on board the steamer.

### TOWN HALL DYNAMITED.

Madrid, Oct. 4.—The city hall at Baza, in southern Spain, was dynamited to-day. It is believed that an attempt was made to assassinate the mayor.

## ANOTHER MERGER HAS BEEN FORMED

Steel and Radiation Company Incorporated With Capital of \$5,000,000

(Special to the Times.)

Toronto, Oct. 4.—The incorporation of the Steel and Radiation Co. of Canada with capital of \$5,000,000, means a merger for the control of the Canadian and American markets in radiators, heating boilers and kindred supplies. If present plans of the company carry it will expend about \$1,000,000 in increasing the plant at Toronto. Montreal the intention of the big corporation is to eat up everything in sight in the way of steel and iron products. In the west the merger will operate through large jobbing houses, while an agent will conduct business in Vancouver.

### RECEIVED BY KING FREDERICK.

Copenhagen, Oct. 4.—Booker T. Washington yesterday was received at the palace by King Frederick and afterward he accepted the king's invitation to dine with the royal family. King Frederick declared Mr. Washington was one of the most interesting men he had ever met.

## STEAMER SINKS AFTER EXPLOSION

SURVIVORS SUFFER  
MANY HARDSHIPS

Panic on Board Doomed Vessel—  
Passengers and Crew Fight  
for Boats

(Times Leased Wire.)

Panama, Oct. 4.—That fifty persons out of 70 passengers and the crew of the steamer Chiriqui, which sank near Point Jarachine, were drowned, is the belief of survivors who reached Jarachine to-day.

Thirteen survivors were picked up in one of the Chiriqui life boats and were brought into port. They were exhausted from the hardships they had undergone.

A second life boat which left the wreck after the boat No. 1, in which the survivors were found, has not been reported, and is believed to be lost.

The Chiriqui sank, the survivors say, within an hour after the boilers exploded, the explosion tore away one whole side of the vessel.

The tug Perico and the steamer Chile have sailed for the scene of the wreck, but no report has been received from them.

The Chiriqui was owned by the Pacific Steam Navigation Company. She cleared from Panama September 27 for Buena Ventura. The vessel used salt water in her boilers and the action of the chemicals in the water is thought to have weakened the tubes, causing the explosion.

### Fight For Boats.

Colon, Oct. 4.—A message received here from the survivors of the steamer Chiriqui says that 70 persons perished in the wreck of the vessel on September 27 at Point Jarachine, 30 miles from Panama.

The passengers and crew of the steamer Chiriqui were crowded overboard. The dispatch says that not over a dozen persons reached the boats. The wireless operator aboard the vessel sought to summon help, but failed.

### Reported Safe.

Panama, Oct. 4.—(Later.)—A tug arriving here from Garacheni this afternoon brought a report that the passengers and crew of the steamship Chiriqui are safe at Garacheni, with the exception of a stoker, who was scalded to death in the forenoon of the sinking vessel.

## FOUR FISHERMEN LOSE THEIR LIVES

Drowned by Capsizing of Launch While Trying to Pick Up Fish Traps

(Times Leased Wire.)

Meadowdale, Wash., Oct. 4.—The bodies of four fishermen drowned during the storm on Puget Sound were recovered to-day. The victims were J. E. Graham, 22, of Ballard; Paul Burkland, 28, of Meadowdale; Larsen, 23, of Everett; and Peter Harnam, 18, of Ballard.

The men started out in a launch to pick up the fish traps set out and owned by Graham last night. The first knowledge of their death was gained by passengers on a Great Northern train who saw Harnam's body lying on the beach where it had floated in. The bodies of Larsen, Burkland and Graham were found later.

### Search for Boat.

San Jose, Cal., Oct. 4.—Three men in a mysterious launch disappeared every detail with the little craft that received 500 pounds of giant gelatine at the Giant Powder Works were seen entering the Alviso slough, the lowest extremity of San Francisco bay, on the afternoon of September 25.

### Police and special detectives have been seeking the boat that visited San Francisco on the theory that part of its cargo found its way to Los Angeles and was used in the destruction of the Times plant and the attempted dynamiting of the homes of General Otis and F. J. Zschandalar.

The launch was seen by several persons at Alviso. It proceeded slowly to a wharf near the Lower Bay Canning Company and tied up. The men in the launch disembarked and went ashore. Near midnight Will Clamplitt, a duck hunter, living near the wharf, heard the men return in an automobile. The cargo, whatever it may have been, was loaded into the machine by the three men, each of whom appeared to be carrying parts of the load.

After several trips between the launch and the automobile the machine was driven away. Clamplitt heard no other sound, although when he arose at daybreak the launch was gone.

Only an experienced navigator, one familiar with the tortuous channels of the Alviso marshes, could have guided the launch at night, according to boatmen and their opinion is that the launch is beached somewhere in the lower bay.

The statements of Clamplitt are borne out in part by those of other men near Alviso.

Alviso lies at the southern extremity of the lower bay. The dynamite was loaded on the launch Peerless in the morning of September 22.

Launch Abandoned.  
Agnews, Cal., Oct. 4.—Tom Hurley, a marsh hunter, to-day told a United Press correspondent that a launch answering the description of the mysterious powder launch was abandoned September 25 on the badly-mud flats six miles north of Alviso in a marsh. Hurley asserts that empty powder boxes were found in the launch.

## POSTMASTER GETS WARNING

LOS ANGELES OFFICE  
NOW UNDER GUARD

Efforts Being Made to Trace Men  
Who Bought Large Quantity  
of Explosives

(Times Leased Wire.)

Los Angeles, Oct. 4.—Postmaster W. H. Harrison admitted to-day that he had received letters of an alarming nature since the dynamiting of the Times building last Saturday morning. As a result a guard has been thrown about the postoffice and every person who enters the building must pass several watchful plain clothes men.

"The letters I received," Harrison said, "were not what you might call 'anarchistic.' I don't even think they were threatening, but we are taking no chances. Whoever wrote the letters warned me that an attempt might be made to blow up the postoffice. I think it merely a 'friendly' warning. However, I placed the matter in the hands of United States Marshal Youngworth and the officers are here."

The jury named by Coroner Hartwell to probe the Times' disaster and establish by verdict how 21 men met their death in Saturday's explosion and fire, visited the ruins to-day.

Employees of the Times guided the jurors about the great heap of wreckage and located for them the spot where the dynamite that destroyed the building is believed to have been placed. Each of the jurors took copious notes, while a stenographer was constantly at the coroner's elbow.

Although 300 men have worked in relays night and day since Sunday morning, the work of searching the ruins has hardly begun. Each shovelful of ashes is handled three times, the police having ordered that no chance be taken that any portion of a human body be overlooked.

No additional bodies were recovered during the night. It is not believed that more will be found until the mass of twisted girders and steel beams which lie across the section of the basement into which the composing room fell, can be removed.

The work of clearing the debris is extremely dangerous. Several times during the night groups of workers were forced to scurry to safety when a mass of wreckage loosened by the mining beneath it, crashed into the pit.

Mayor Alexander has named the First National bank as a depository for the reward funds. The money offered by citizens for the perpetrators of the crime, will be placed there subject to the mayor's demand.

Officials of the gas and electric companies reported to-day to the police that they have received letters warning them that their plants will be dynamited.

The officials profess to believe that the letters were sent by one of their employees to see what effect they would produce. In spite of this 25 officers of the Merchants Patrol were detailed to-day to guard both plants.

The police to-day maintained their policy of refusing to talk of their efforts to run down the criminals. After a conference between Chief Galloway and Captain of Detectives Flammer, the latter left the building with two of his men and hurried away in an automobile, apparently equipped for a trip over country roads.

San Jose, Cal., Oct. 4.—Three men in a mysterious launch disappeared every detail with the little craft that received 500 pounds of giant gelatine at the Giant Powder Works were seen entering the Alviso slough, the lowest extremity of San Francisco bay, on the afternoon of September 25.

Police and special detectives have been seeking the boat that visited San Francisco on the theory that part of its cargo found its way to Los Angeles and was used in the destruction of the Times plant and the attempted dynamiting of the homes of General Otis and F. J. Zschandalar.

The launch was seen by several persons at Alviso. It proceeded slowly to a wharf near the Lower Bay Canning Company and tied up. The men in the launch disembarked and went ashore. Near midnight Will Clamplitt, a duck hunter, living near the wharf, heard the men return in an automobile. The cargo, whatever it may have been, was loaded into the machine by the three men, each of whom appeared to be carrying parts of the load.

After several trips between the launch and the automobile the machine was driven away. Clamplitt heard no other sound, although when he arose at daybreak the launch was gone.

Only an experienced navigator, one familiar with the tortuous channels of the Alviso marshes, could have guided the launch at night, according to boatmen and their opinion is that the launch is beached somewhere in the lower bay.

The statements of Clamplitt are borne out in part by those of other men near Alviso.

Alviso lies at the southern extremity of the lower bay. The dynamite was loaded on the launch Peerless in the morning of September 22.

Launch Abandoned.

### PERSONAL

M. Manson, M. P. P., Cortez Island, is in the city.

G. G. C. Lindsay, K. C., Toronto, is in the city. He is on the Coast looking after his coal interests.

Mr. and Mrs. J. Greenwood and family have returned to town after a three months' tour in the Old Country.

Mrs. (Dr.) Will Russell will be at home tomorrow and the first Wednesday of each month hereafter at 1675 Pandora street.

Grand Trunk Pacific steamships now make night run to Vancouver, leaving here at midnight on Thursdays and Sundays.

Mrs. H. R. McIntyre, Stanley avenue, returned last week from a trip to England, where she was the guest of relatives. Mrs. McIntyre visited Winnipeg friends en route.

W. Fleet Robertson, provincial mineralogist, and Harold Nation, his assistant, have left for the Queen Charlotte Islands and Portland Canal to investigate mining conditions. This will be their last trip this season.

John Cochran left this afternoon for Vancouver to conduct examinations in prearranged and dispensing at the semi-annual examinations of the B. C. Pharmaceutical Association, held in that city tomorrow and Thursday.

Joseph Bedard, Ashcroft, a pioneer of the province, to which he came in 1882, is revisiting the city. It is eighteen years since he was here last and he naturally sees great advances made by the capital. Mr. Bedard will remain for a week or so, renewing old friendships, before he returns to his fine farm.

A very enjoyable time was spent last evening at the home of Miss Madge Ward, South Turner street, when her friends gave her a splendid surprise in honor of her birthday. Among those present were: Misses F. E. and C. Hicks, D. Etheridge, E. Richards, G. Hocking, B. Gatt, J. Webster and L. Hunter, and Messrs. W. and T. Muir, E. Fawcett, M. Stevens, H. Macdonald, C. Duck, N. Hocking and R. Lemax.

R. G. McConnell, G. O. Malloch and A. O. Haynes, geological survey of Canada, have returned to the city and will shortly leave for Ottawa. They have spent the summer in the country at the head of Portland Canal doing geological and topographical work. Mr. McConnell says it is too early yet to pass any opinion as to the possibilities of the region. The work done so far has been of a superficial character.

He strongly deprecates the sensational reports sent out regarding the country and says the existence of free milling ore on Bitter Creek has not been established.

## GIVE AID TO CAMELLTON PROMPT ACTION BY VICTORIA CITIZENS

Concert at the Theatre and Subscription Lists to Be Opened

At a meeting held in the committee room of the city hall this morning, the action was taken with regard to aiding with money and clothing the sufferers from the disastrous fire at Camellton, N. B., to which frequent references have been made.

Mr. Lugin, president and Mayor Morley was present long enough to promise to bring the matter before the city council and recommend that substantial support be given the undertaking.

Mrs. R. S. Day, provincial vice-president of the Women's Local Council, at whose instigation the meeting was called, briefly explained the situation.

Mr. Benjamin kindly offered the use of the Victoria theatre for a benefit concert to be given on Friday evening, October 15th. His offer was at once accepted and Mrs. R. S. Day, vice-president of the Ladies' Musical Club, appointed to act with him as a programme committee, to obtain the best local talent in the city. Coupon tickets for this concert will be on sale by different committees throughout the city, at popular prices. These coupons can be exchanged for reserved seats at the box office any time after Wednesday morning, the 13th.

His Honor the Lieutenant-Governor, and Premier McBride will be asked to lend their patronage, and at the suggestion of Major Walsh it was decided that Lieut.-Col. Currie should be asked for the co-operation of the Fifth Regiment, who would add much to the brilliancy of the scene if they attended in uniform.

The papers were to be asked to open a subscription list, and a similar list was to be opened at the Union Club.

Mrs. Lugin, Frank Clark and Major Walsh were appointed a finance committee.

Mrs. Spofford was asked to bring the matter before the Women's Canadian Club which holds its annual meeting in the Driad hotel tomorrow afternoon. An account will be opened with some chartered bank in the city, and all moneys will be paid in there, pending the announcement of this change.

Additional committees were organized at the time of the meeting, and by members of the committee of the Canadian Club.

The latter institution has already contributed \$25, the Victoria Nurses' Club \$5, Rev. C. E. Cooper \$5, and there are a great many donations already from private individuals.

Mrs. Wm. Grant was appointed convener of the clothing committee. Winter clothing of all sorts, also blankets, babies' clothing, etc., will be received at the west end of the council chamber at the city hall on Wednesday and Thursday, the 5th and 6th instants, from 10 a.m. to 6 p.m. The Dominion Express Company have kindly offered to transmit bales of clothing free of charge, and all persons having anything of the sort which they are willing to donate are requested to do so. The necessity of an eastern coast winter can only be realized by those who have experienced it, and at present there are hundreds of families in which are delicate women and little children living in open tents with insufficient clothing.

On account of the different legislatures throughout the province not being in session no provincial aid has been given. The money raised by subscription in Victoria and other cities will go towards the erection of small houses and for the purchase of fuel.

Members of the board of trade who intend visiting the steamship Tacoma Maru, which is due to arrive here tomorrow morning, are requested to notify the secretary, F. Elworthy, who will on receiving word act as the time of her arrival, inform those who intend to inspect the vessel of the hour and also the meeting place.

In Chambers this morning on certain proceedings the Chief Justice quashed the conviction in Rex vs. Roy, accused of having been charged with obstructing the B. C. Electric Railway.

Moresby and Lowe for Roy and A. E. McPhillips, K. C., for the B. C. Electric Company. In Rex vs. J. T. Turner, accused of having been convicted under city law for having driven a car on the common danger, the case was quashed on the ground that no offense was disclosed in the conviction. Moresby and Lowe for defendant, Turner, and F. A. McDiarmid, city solicitor, for the city.

**A HEALTHFUL TOWN.**

"If this town is as healthful as you say it is, why do there happen to be so many doctors' signs in evidence?"

"They are nearly all the signs of eye doctors. The people are so healthy here that they stay up nights enjoying the climate and injure their eyes."—Chicago Record-Herald.

## SEEK LOWER CABLE RATES

REPRESENTATIONS MAY BE MADE TO BOARD

New Zealand Anxious to Secure Co-Operation of Australia in Movement

Melbourne, Oct. 4.—The agitation for the reduction of the Pacific cable rate has received an impetus since Sir Joseph Ward, premier of New Zealand, has interested himself in the question. At present he is urging on behalf of his government that Australia should join in making representations to the cable board to reduce the present rate to ninepence. Mr. Fisher has declared in favor of the proposal. Definite action is, however, unlikely until May next, when a conference on the subject will be held in London.

Australian Federation.  
The Commonwealth premier at a dinner in Sydney delivered a speech in which he claimed that greater and more democratic powers should be given to the federation. He foreshadowed the creation of a labor newspaper to further the interests of the party. Referring to the linking together of the nations of the earth as the result of the spread of democracy, he said he looked forward to the time when the English-speaking peoples would be bound together by the common object of helping the cause of humanity.

## PREDICTS GREAT FUTURE FOR CANADA

Norton Griffiths Says Progress is More Astonishing Than That of United States

London, Oct. 4.—At Wednesday, an extraordinarily enthusiastic gathering of twenty thousand people welcomed back Norton Griffiths, M. P. Mr. Griffiths stated that Canada was destined to become the biggest section of the Empire. Canadians wanted Englishmen to participate in their brilliant future. England's apathy had already lost as much and would lose more in the future. Canada's progress was more astonishing than that of the United States.

Mr. Griffiths strongly advocated an Imperial senate as the only definite means of creating one great united empire, with an Imperial navy and army controlled by an Imperial council, not interfering in domestic affairs. He stated that by the courtesy of one of the greatest Canadians, William Mackenzie, the Canadian Collieries' new township, which contained one of the biggest coal mines of the world, would be called Tipton. He asked for the support of Wednesday for his Imperial scheme. His references to Hon. Frank Oliver's criticism of his efforts as a practical form of Imperialism and Premier McBride's approval and promise of moral support, all aroused the greatest enthusiasm.

Mr. Griffiths made a final appeal to Englishmen to throw off apathy and unite to consolidate the Empire before it was too late.

## SIGNAL FIRES WILL GUIDE AVIATORS

Preparations Under Way for Aeroplane Flight From Chicago to New York

Chicago, Oct. 4.—Signal fires and spotlights will mark the course of the aviators who attempt the Chicago-New York flight next Saturday, according to an announcement made to-day by Augustus Post, secretary of the Aero Club of America, which is arranging the meet.

Secretary Post is arranging to have a series of fires placed for lighting along the tracks of the Lake Shore railroad. He is taking steps to prevent other fires being lighted on that day in order to prevent the aviators from becoming confused and sailing out of their way.

The aviators are expected to stop first at La Porte, Ind. The route then passes through Elkhart, Toledo and Cleveland.

## AMUNDSEN'S NEXT VOYAGE.

Has Decided to Proceed on an Antarctic Expedition.

Christians, Oct. 4.—According to a letter received here from Capt. Roald Amundsen, on board the Fram at Madeira, Amundsen has decided to proceed on an Antarctic expedition. He promises to send details when he arrives at Punta Arenas.

This change of plans has occasioned surprise as it was the original intention of Amundsen to start early next year on a drifting voyage for the north pole. The Fram was first to go to San Francisco, where it was to be fitted out and it was calculated that the drift through the polar ice would occupy not less than seven years.

## ACCIDENTALLY SHOT.

Astoria, Oct. 3.—N. D. Bain, a millman and logger of this city, was accidentally shot and instantly killed by Clark Loughery, former chief of police of Astoria. The men were at a hunting cabin in the hills east of Seaside. Loughery, who has been hunting, was drying his gun with a piece of cloth. The cloth caught the hammer and discharged the weapon. Bain died instantly.

## Shiloh's Cure

quickly stops coughs, cures colds, breaks the throat and lungs. 1-2-3-25 cents.

## OPERATION HER ONLY CHANCE

Was Cured by Lydia E. Pinkham's Vegetable Compound

Lindsay, Ont.—"I think it is no more than right for me to thank Mrs. Pinkham for what her kind advice and Lydia E. Pinkham's Vegetable Compound has done for me. When I wrote to her some time ago I was a very sick woman, suffering from female troubles. I had inflammation of the female organs, and could not stand or walk any distance. At last I was confined to my bed, and the doctor said I would have to go through an operation, but this I refused to do. A friend advised Lydia E. Pinkham's Vegetable Compound, and now, after using three bottles of it, I feel like a new woman. I most heartily recommend this medicine to all women who suffer with female troubles. I have also taken Lydia E. Pinkham's Liver Pills and think they are fine." Mrs. FRANK EMBLEY, Lindsay, Ontario.

We cannot understand why women will take chances with an operation or drag out a sickly half-hearted existence, missing three-fourths of the joy of living, without first trying Lydia E. Pinkham's Vegetable Compound. For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion, and nervous prostration.

## INTERNATIONAL DRY FARMING CONGRESS

Message From President Taft—Senator Bostock Replies to Address of Welcome

Spokane, Wash., Oct. 4.—Pressing a button at his summer home in Massachusetts, President Taft gave the signal in the Spokane armory formally opening the fifth Dry Farming Congress yesterday.

Mayor N. S. Spratt welcomed the delegates in behalf of the city. Addresses of welcome were also extended by C. M. Fassett, president of the Spokane chamber of commerce, and Governor M. E. May, President F. W. Mondell, of Wyoming, being detained at home by illness, his annual address was read by R. W. Thatcher, of the Washington State college.

A response in behalf of the international delegates was delivered by Senator Hewitt-Bostock of Ducks, British Columbia, representing the government of Canada.

A message was read from President Taft to John T. Burns, secretary of the Dry Farming Congress, as follows:

"Please extend to the delegates of the fifth International Dry Farming Congress my hearty good wishes and greeting for a most successful meeting, where methods and plans can be discussed which will greatly aid the development of the semi-arid regions of the west."

(Signed) WM. HOWARD TAFT.

Another from Theodore Roosevelt was as follows:

"Oyster Bay, L. I., Oct. 3.—John T. Burns, secretary Dry Farming Congress, Spokane, Wash.: Accept my hearty good wishes for the success of the Dry Farming Congress. The conquest of what has been called the dead west is one of the most notable of American achievements, and it is being effected partly by the successful dry farming. With all good wishes."

(Signed) THEO. ROOSEVELT.

## FATAL FIGHT ON CIRCUS TRAIN

Railway Employee Shot and Body Robbed—Three Negroes Are in Custody

Augusta, Ga., Oct. 4.—Wholesale arrests were made here by the police on the arrival of a circus train from Columbia, S. C., following a rioting Sunday on board the train. One white man was shot to death, a negro forced to jump from the car and an attempt was made to rob employees of the circus. Three negroes, one of whom confessed to taking part in the rioting, are in jail, charged with murder. Paul A. Williams, a Southern railway employee at Columbia, was shot to death, his body robbed and then thrown from the train.

The negroes are said to have started through the train to rob other employees, but following the shooting they were placed under arrest by circus officers.

Saturday night the circus men were paid off and the entire crew is said to have been gambling on the train.

## NEW YORK'S MAYOR.

New York, Oct. 4.—Mayor Gaynor returned to his desk in the mayor's office yesterday for the first time since he was shot down by Jas. J. Gallagher, a discharged city employee. The mayor went to the city hall in a street car and was followed by a large crowd from the car to his office. He appeared somewhat feeble. Gaynor refused to discuss politics and would not comment on the collection of John A. Dix as Democratic nominee for governor.

## IS IN FAVOR OF ABOLISHING QUEUE

Former Chinese Minister Says Fellow-Countrymen Desire to Follow Western Ideas

Washington, D. C., Oct. 4.—Memorializing the throne at Peking in favor of abolishing the queue, Wu Ting Fang, former minister to Washington, has explained how he happened to take that attitude.

In his memorial, the text of which has just reached Washington, Mr. Wu says Chinese residents in North, Central and South America have been teased by foreigners until they have implored him to seek an imperial edict giving official sanction to cropping the hair and changing their customs to accord with western ideas.

## ILLINOIS BRIBERY SCANDAL.

Chicago, Oct. 4.—That State Senator Holtshaw deposited \$2,500 in the Chicago State bank was the testimony yesterday before the Lorimer senatorial investigating committee of receiving Teller Jarvis Newton. Holtshaw had testified that he had received that sum for voting for Lorimer. Governor Deneen is a stockholder in the bank.

State Representative Clark testified that he first thought of supporting Lorimer a week before the election. He determined to vote for him, he said, half an hour before the balloting began. He denied that he had been bribed.

## TWO HUNTERS KILLED.

Denver, Colo., Oct. 4.—The hunting season, ten days in duration, which opened Saturday, has already claimed two victims. While stalking a wounded deer 18 miles southwest of Colorado Springs, Fred Ragle, 30 years of age, was shot and killed by his companion, Adam Dingle. The two were on opposite sides of a gulch and when Dingle saw a rustle in the bushes he fired.

## TRIAL OF BANKER.

Bellingham, Wash., Oct. 4.—Harry J. Welty, former president of the Home Security Savings bank of this city and charged by the state with accepting deposits for the bank when he knew it to be insolvent, was yesterday pronounced guilty by the jury in the superior court. The jury retired Saturday night at 9 o'clock and reported yesterday at 10. This is the first trial on five counts against Welty.

## SUIT OVER AIRSHIPS.

Cincinnati, Ohio, Oct. 4.—Orville and Wilbur Wright, charged jointly with infringing patents held by C. H. Lammson, of Pasadena, Cal., have filed answer to his suit in the United States court here. The Wrights deny that they appropriated the Lammson ideas. They assert that Lammson patented a box kite, but that it was extremely impracticable and that it did not fly.

Campbells

Sole Agents  
for Ladies'  
"Burberry" Coats

Sole Agents  
for Ladies'  
"Burberry" Coats

## October!

This month is to be our best "Suit and Coat Selling" month on record. First, because we have gathered together from the fashion centres of Europe and New York the most magnificent aggregation of exclusive styles and textures that it is possible for a Ladies' Store to procure; and secondly, the majority of ladies and misses make their principal wardrobe purchases for Fall and Winter during this month, and they look to "The Fashion Centre" for ideas.

Do not do yourself the injustice of not inspecting our Mantle Department. The qualities are here, the styles are here, the workmanship is here and, finally, the best values are here.

When we say exclusive—we mean it.

## AEROPLANES FOR COAST DEFENCE

U. S. General Says Airships Will in Time Take Place of Warships

Denver, Colo., Oct. 4.—The aeroplane, instead of being an adjunct to the navy, is likely to replace it so far as coast defence is concerned, in the opinion of Lieut.-General Nelson A. Miles, U. S. A., retired, who is here to-day.

"The aeroplane eventually will be a means of coast defence," said the General, discussing aerial navigation. "Aeroplanes can be built by the score for what one battleship costs. Their use would curtail greatly the expense of building coast defence vessels. When aeroplanes can fly 100 miles out to sea and drop explosives over hostile fleets, these will be cautious about attacking a coast. And this condition will come."

## MILLIONAIRE SHOT BY THEATRE OWNER

Shooting Occurs in Station at Vincennes, Indiana—Murderer is in Custody

Vincennes, Ind., Oct. 4.—C. Edward Gibson, a millionaire oil operator, was shot and instantly killed yesterday by Menlo Moore, a wealthy owner of a number of theatres in Indiana. The shooting occurred at the Union depot. Moore boarded a train for Washington, Ind., but was arrested en route.

Moore stood behind Gibson and watched him purchase a ticket. As Gibson turned from the window Moore opened fire, shooting five times. Gibson ran out on the platform at the first shot and other bullets were fired at him as he dodged through the crowd.

It is said that the affair is a result of attention paid by Gibson to Mrs. Moore.

## This Oven Bakes Perfectly

because it is evenly heated—because it is thoroughly heated, always. The heat-flues, broad and deep, encircle the entire oven so that it bakes as well at the top as at the bottom, and in the corners as well as the centre. The bottom is doubly stiffened so it can't warp and tilt pies. The inner body of the Kootenay is thoroughly protected with asbestos—the oven walls can't burn through. Besides, the Kootenay oven is thoroughly ventilated. No food can be tainted by fumes or steam. You get perfect baking results. Ask the nearest McClary agent to show you the many other advantages found exclusively in a

## KOOTENAY Steel Range

Write to the nearest McClary branch for booklet and detailed information. It will show you why your range money will be best invested in a Kootenay.

**MORE WATER, AND BETTER.**  
A vote of the ratepayers will soon be  
taken on the proposal to expropriate  
the property of the Esquimalt Water-  
works Company at Goldstream, The-  
tis Lake, Esquimalt, and in the city.  
It is simply a question for the citizens  
to decide. If they want this property  
they must soon make up their minds to  
take it. If they do not want it, they  
will then have the opportunity of re-  
cording their votes against it. The  
Times is strongly in favor of expro-  
priation, but at the same time we re-  
alize that this is something for the  
people to think out and decide  
for themselves. If there is anything  
we can do to help them in coming to  
what we consider a proper decision we  
shall do it, but we are not anxious to  
force our views upon them. We favor  
the securing of both Goldstream and  
Sooke Lake as sources of water supply  
for the city, both of which we think  
will be needed before very long. We  
have great faith in the future of Vic-  
toria. That she is destined to become  
one of the big cities of the continent  
we do not doubt, and for this reason  
we are anxious that as one of the first  
principles of municipal government  
she shall own her own water supply.  
This can only be done by buying out  
the Esquimalt Waterworks properties  
and charter. Then we shall be in a  
position to treat all Victorians alike in  
regard to water, and we can also give  
everyone a plentiful supply of a much  
better quality than they are at present  
getting. For many years we fought  
the proposals to meter the city be-  
cause we believed that everyone  
should have all the water required at  
a minimum price, and that there  
should be no tax upon the beautifica-  
tion of the city by means of private  
lawn and gardens. For a very small  
sum Vancouver is able to give its citi-  
zens all the water that is required for  
lawn purposes, and the result is that  
while many Victoria lawns have been  
a disgrace to the city during the past  
summer, Vancouver residents have  
been able to beautify their gardens  
and the whole city. There was a time  
when we believed it would not be in  
the best interests of the city to pur-  
chase the Goldstream property at the  
price asked. Now, largely through the  
efforts of the Liberal Opposi-  
tion in the local legislature, a basis  
of expropriation has been arranged  
which is satisfactory to everyone, and  
there seems to be no time more auspi-  
cious for carrying out this than the  
present.

## REGARDING THE FAIR.

The receipts at the Fall Fair this  
year were more than a thousand dol-  
lars in excess of last year in spite of  
the fact that it extended over only five  
days instead of six. This is a very  
satisfactory state of affairs, and it is  
to be hoped Secretary Sangster will be  
able to show that there is no deficit of  
that it is but a small one. Nearly

twenty thousand people attended the  
fair throughout the week, which means  
that practically half the people of the  
city were there. That more might have  
gone is possibly true, but a large part  
of the population consists of children,  
too young to attend. To be able to  
make such a showing as is reported,  
without the aid of professional horse  
races, speaks very highly for the  
city, and we do not think anyone has  
cause to scold or growl because there  
was not a better attendance. In pre-  
paring for future exhibitions experience  
has shown that the attendance of this  
year, allowing also for the growth of  
the city, must be the basis of calcula-  
tion. We must expect a rainy day  
now and then at the end of Septem-  
ber, so a day like Friday last must  
be counted upon.

We congratulate the Agricultural As-  
sociation upon the excellent show they  
put up and upon the efforts which  
were made to please everyone. We be-  
lieve those who attended were satis-  
fied.

We understand that the Association  
is making arrangements to place its  
financial standing before the public at  
once. This is certainly an admirable  
course to take. It will be much better  
to take the people into its confidence  
now than to wait until the New Year.  
If there is a deficit, let us know it at  
once. If it is only a small one, no one  
will object to the city footing it, for  
the show was a splendid advertisement  
of the capabilities of Vancouver Island,  
of which Victoria is the business cen-  
tre.

## OPEN AIR AND HARD WORK AS THERAPEUTICS.

Dr. Gosnell, a prominent physician  
of Seattle and a brother of R. E. Gos-  
nell of this city, thinks there is noth-  
ing like a strong dose of "open air"  
with a dash of hard manual labor as a  
cure for men who have fallen into  
vicious or depraved habits. The doc-  
tor's views are at least worthy of the  
attention of criminologists and peni-  
tentiaries as well as of philanthropists  
and humanitarians. His ideas are  
supported to some extent by the case  
of the Dinkhorsts, the Russian immi-  
grants who by their erratic behavior  
caused considerable of a sensation in  
Canada not so long ago. The Dinks  
were, to say the least, eccentric in  
their conduct. But the majority of  
them are now restored to their right  
mind. Their mental balance has been  
adjusted. They are doing well in the  
Northwest. If well-doing shall be es-  
timated by a disposition to labor indus-  
triously and lay by for future use a  
substantial amount of worldly goods.  
The miracle of the Dinkhorsts was  
accomplished by a few years of life in  
the bracing atmosphere of the Cana-  
dian Northwest, by a healthy environ-  
ment, pure food and plenty of it and  
by contact with and the example of  
neighbors of the right mental poise.  
Here is an account of what the immi-  
grants who in the first instance were  
held up to general ridicule have ac-  
complished for themselves: At Win-  
nipeg a short time ago they received  
about \$70,000 in payment of work on  
the Yorkton-Canara line during the  
summer. They have over a million  
bushels of oats and a large quantity of  
wheat ready for the market. They  
have bought a large tract of land in  
British Columbia, and expended about  
a quarter of a million in improvements  
on it, the total outlay exceeding \$500,  
000. They own four lumber mills and  
a flour mill. They have established a  
reputation for diligence and honesty,  
and they are growing into the ways of  
the country.

## JOURNALISTIC ETHICS.

The Toronto World seems to have  
fallen very low. It has been supporting  
the cause of the protectionists in an  
apparently disinterested manner, and  
at the same time has been sending out  
letters to the manufacturers asking  
payment for its support. It admits  
having done this and tries to justify  
its action. The following is a copy of  
one of the letters sent out:  
"It appears to me that this is the  
time when all Canadian manufacturers  
and patriots should get together."  
"The Toronto World, as you know by  
a perusal of its columns, is in the midst  
of a campaign in favor of protection."  
We have already published two articles  
of the series, and a dozen more are in  
process of preparation.  
"Of course, this work is more or less  
of a missionary nature, yet—and here  
is where union is strength—we hope,  
not without faith, that our friends who  
see eye to eye with us, and who benefit  
even in a small measure from a policy  
of protection, will show their appreci-  
ation in a TANGIBLE way."  
"If this campaign seems worthy of  
support to you, a monetary contribu-  
tion will be appreciated and gratefully  
acknowledged. It is not for us to place  
a figure on the value of what we are  
doing; we are quite ready to leave it  
with our friends. We have no doubt  
that some of our good friends will con-  
tribute one thousand dollars in support  
of this cause."  
"Yours faithfully,  
"W. H. GREENWOOD,  
"Managing Director."

In defence of its policy when ex-  
posed by the Toronto Globe, the World  
says its only regret is that so far its  
appeal has been a blank. It says that  
it incurred a debt for advocating the  
opinions which it holds and felt it  
would be quite proper to make what it  
calls an honest appeal for help. This

fact remains, however, that the paper  
tried to sell its opinions; that it tried  
to place itself in the position of re-  
ceiving money for persuading people to  
vote a certain way. This may not be  
graft, but it looks very much like it. It  
is certainly a transgression of the  
ethics of decent journalism and is  
worthy of the severest censure. The  
World has degraded the press of the  
country, and every editor must feel a  
blush of shame as he reads the con-  
fession.

## IMPORTANT MUSICAL EVENT.

For five years the Victoria Ladies'  
Musical Club has been working quietly  
in the city. Throughout each winter  
it has had regular Saturday afternoon  
recitals open to members of the society  
and their friends. During that time it  
has done much to inculcate a love for  
true music throughout the city. Many  
of the members have worked hard to  
make the club a success and their ef-  
forts have been rewarded by seeing an  
ever-growing interest taken in this  
fine art. This year the society has  
launched out into a new field. It has  
decided to open the season with a pub-  
lic concert, which will be held on  
Thursday evening of this week. On that  
occasion not only will members of the  
club take part, but professional mu-  
sicians are aiding, and the event will  
be of unusual importance from a  
musical point of view. The musical  
club is not a money making concern.  
Its work is simply in the interest of  
art, and we take great pleasure in com-  
mending this concert to Victorians as  
one worthy of patronage. It is under-  
stood that it will be an annual event,  
and the opening of the series promises  
to be an auspicious one.

## A VETERAN STATESMAN.

Sir Charles Tupper, the veteran Con-  
servative statesman who is now living  
in England, recently gave a very in-  
teresting interview which we print on  
another page. Sir Charles takes  
great interest in politics, although  
he plays no active part therein.  
He is one of the Fathers of Con-  
federation and was premier of Nova  
Scotia at the time the Dominion of  
Canada was formed by the union of  
the four provinces, Ontario, Quebec,  
Nova Scotia and New Brunswick. For  
over half a century he took a leading  
part in the politics of his province and  
of the Dominion, and wielded a great  
influence among the members of his  
own party. Like Gladstone, he con-  
tinues his interest in public affairs in  
this country even though separated  
from us by the Atlantic ocean. We  
can sympathize with him in his in-  
ability to return to this country, and  
wish him many a year more of good  
healthy exercise on the golf links in  
company with his good wife, Lady  
Tupper. We have crossed swords with  
the worthy baronet many a time and  
have found him a foe worthy of our  
steel. We are sorry that we shall en-  
joy that pleasure no more, but we  
greet him, "hands across the sea," in  
his island home, and with great  
pleasure we give publicity to his views  
on things Canadian, even though we  
may not agree with some of them.

It is curious how Conservatives are  
to-day howling for British Preference  
after the opposition they put up to it  
when it was first introduced by Sir  
Wilfrid Laurier. Their present action  
justifies to the full the Liberal policy.

Placing the new high school in Spring  
Ridge will have the effect of making  
that part of the city a highly desirable  
residential section. There were some  
who always argued that it was that,  
and the rest of the citizens will now  
agree with them.

Tariff reform, one man one vote, and  
payment of members, are being talked  
of as party cries for the Conservative  
party in Britain at the next election.  
All of the suggested policies have in  
the past been sternly opposed by the  
party that is to advocate them.

The Assistant Treasurer of the Unit-  
ed States makes a plea for sanitary  
currency. We make a plea for currency  
of any kind. There is a curious lack  
of this article wherever we go. We do  
not mind if the notes are forty years  
old as long as they are negotiable at  
the bank and the digits on the face are  
numerous enough.

The people of Victoria are prospe-  
rious and they can afford to give of  
their plenty to aid those who at the  
other end of the continent are home-  
less and destitute. The cause of the  
Campbelltown sufferers seems to be a  
worthy one. The Times will gladly re-  
ceive and acknowledge subscriptions  
and turn over the money to the central  
fund.

A Hamilton man named Michael  
Fraser, over eighty years of age, was  
married recently to a lady aged 35  
years. As the man had an estate valued  
at \$30,000 his nearest relatives declare  
he was insane and have appealed to  
the courts to prove their case. Some  
people declare that any man is insane  
to get married. If this is true a  
man must be doubly so who evades the  
responsibility until he is eighty years of  
age and then succumbs.

## PRESS OPINIONS.

### Reforming and Transforming.

New Zealand has solved the problem  
of finding remunerative work for its  
prisoners in various ways, but in none  
more pleasing than in her afforestation  
work. An extensive scheme of af-  
orestation is now in progress in New  
Zealand, to provide against the depen-  
dencies caused by the growth of the saw  
milling industry, and for a portion of  
this work state prisoners are employ-  
ed. The planting is supervised by ex-  
perts, camps controlled by gaol officials  
and formed near the sites of the various  
nurseries and plantations, and in Por-  
tobello alone more than twenty-four  
million trees have been planted by  
prison labor. We can well believe  
that "not only have the results been  
satisfactory from the point of view of  
afforestation, but also the conditions  
of the camp life exercise a most bene-  
ficial influence on the characters of the  
prisoners."—Montreal Witness.

### South African Election.

The new South Africa has begun  
well by administering a sharp rebuke  
to faction and moral weakness. Gen-  
eral Botha, will, of course, have his  
majority in the legislature, but it will  
be lower than expectations, and his  
own personal defeat in East Pretoria  
will have a wholesome and sobering  
influence upon himself and his minis-  
try. The premier held all his own  
protests against racialism when he de-  
clined to attack the seat of such a  
prominent Unionist as Sir Percy  
Fitzpatrick and his defeat upon such  
favorable ground as that of the Trans-  
vaal capital is a stinging rebuke of  
his failure to keep a straight furrow.  
Along with the rejection of his minis-  
ter of finance and the election of a  
Bosman, it shows that a strong and  
independent public opinion is  
growing up throughout South Africa,  
that it wields influence in unexpected  
quarters, and that it applies other  
standards to political life than those  
which prevail in the seminars of  
Union and Het Volk.—Pall Mall Gazette.

### Tariff Nonsense.

Henry Vivian says that Sir J. Pliny  
Whitney is talking nonsense when he  
predicts that unless the tariff is re-  
formed, the empire will be in great  
danger, and Mr. Vivian's remarks on  
the subject will be more seriously re-  
garded than those of Sir J. Pliny.—  
Calgary News.

### Nationalist Party.

The chief Conservative journal pub-  
lished in French in the province of  
Quebec is now Le Devoir, Mr. Henri  
Bourassa's paper, which is published  
every afternoon in Montreal. The  
name Conservative has for the present  
been put off by the French-Canadian  
Conservative politicians, and the name  
Nationalist put on instead. They are  
all lined up under that name, and are  
already campaigning with the next  
Dominion elections in view. As Mr. J.  
S. Willison, the editor of the Toronto  
News, which is now the chief Conser-  
vative journal in Ontario, explained in  
a recent news letter to the London  
Times, Mr. R. L. Borden has decided  
to let Messrs. Bourassa, Monk, La-  
vergne, T. Chase Casgrain, and the  
rest of his French-Canadian political  
associates run the opposition cam-  
paign in Quebec under the Nationalist  
colors, in the hope that in that way  
they may be able to accomplish some-  
thing against Sir Wilfrid Laurier.—  
Winnipeg Free Press.

## ARRANGING DETAILS FOR THE HIGH SCHOOL SITE

Text of the Agreement Between  
the City and the School  
Board

"At last evening's meeting of the city  
council the agreement between the  
city and the school board relative to  
the new site for the proposed high  
school which is to be erected at Spring  
Ridge was passed. It now goes to the  
school board for consideration, and if  
satisfactory to that body the by-law  
incorporating the agreement will be  
finally passed as authorized by the re-  
cent measure voted on by the rate-  
payers.

It is provided in the agreement be-  
tween the city and the school board  
that the latter shall pay the city \$30,000  
which shall be used by the city for the  
expropriation of the following lands:  
Section 44, lots one to twelve, inclusive  
of sections 45 and 46, as shown on map  
227, sections 55 and 56, lots A and B of  
section 57 as shown on map 123, section  
58; except that part now owned by the  
city and section 59, except that part  
owned by the trustees of the Em-  
manuel Baptist church. The city shall  
supplement the \$30,000 given by the  
board by whatever other sum is needed  
to pay for such lands expropriated and  
expenses therewith, such additional  
amount being estimated at about  
\$12,000.

Immediately the land to be exprop-  
riated is secured the city will become  
trustees for the board of not only such  
expropriated lands, but also of the  
lands now owned by the city in the  
block bounded by Gladstone avenue,  
Fernwood road, Grant street and  
Chambers street. In addition applica-  
tion will be made to the Lieutenant-  
governor in council for permission to  
close up Vining street from Fernwood  
road westerly to the western boundary  
of sections 49 and 51, and this piece of  
land will also be added to the high  
school site.

In addition the city agrees to level  
the portion of the land to be used as  
the actual site for the building, cover  
the entire property with six inches of  
clay and four inches of mould and  
grade the whole to the proper level. All  
buildings now on the property shall be  
removed by the city, all grading done  
and the whole work undertaken by the  
city completed on or before March 1,  
1912. The grading of the actual site for  
the building will, however, be under-  
taken at once so that building opera-  
tions can be commenced at the earliest  
possible moment.

## Swiss Lace Curtains, \$2.75 to \$33.50

Big shipment of Swiss Lace Curtains just opened up. We are placing these Curtains on sale special for Wednesday. They comprise some of the latest and newest styles and designs, and are suitable for drawing room, dining room and bedroom, and are the best values ever offered; \$33.50 to ..... \$2.75.

See Government Street Windows.

A Times correspondent says that arrowroot, prepared as starch, is a very simple remedy for the dysentery now so prevalent. The arrowroot is boiled five minutes. For infants the water is slightly sweetened. For adults milk may be used instead of water. The dose for infants is one tablespoonful three times per day; adults may partake of it freely.

TO INDUCE YOU to have your Xmas photos taken early the Skeena photo studio will, during October, make regular \$7.00 portraits for \$5.00 per doz. These pictures, in style, finish and general get-up are the last word in high grade portraiture. Sit early in the month.

The members of the First Presbyterian church club and friends spent a most enjoyable time on Monday evening in the school room. The programme for the evening was in the hands of W. Elliot and J. Jamieson, who deserve great credit for their efforts to make a success of the evening. The following programme was rendered: Piano solo, Miss Scowcroft; readings, Miss McEwen and D. Fraser; solos, Ernest Petch, Miss Matthews, D. Fraser, W. Elliot, Mr. Thomas, W. Walker, Robt. Morrison and Mr. Jones; comic, Mr. Waiters. Mrs. Lewis Hall and H. Davis rendered valuable service at the piano. Owing to the wet weather there were not so many present as was expected, but a full house is hoped for next Monday, when the ladies will be in charge of the evening.

D. C. Reid, manager of the Island Investment Company, and local staff on Saturday evening at the Empress entertained the staff of the Vancouver office, this being the first of a series of banquets to be held during the year. The visitors were met at the boat and taken for an automobile ride through the city and suburbs, and had all points of interest pointed out to them. At the banquet some 20 members of the combined staffs sat down. One of the features of the function was the presentation made by the management to two members of slight tokens of appreciation of the services they have rendered the company. Mr. Reid gave a general outline of the work and the progress which the company had made during the past year, and outlined the scope of the work which it is their intention to pursue during the coming year.

## The "Improved Champion" Columbia "Disc" Graphophone

TYPE BN  
Price \$35.00

Regular equipment as illustrated.

Equipped with No. 2 Nickel Horn ..... \$10.  
Equipped with No. 1 Wood Horn ..... \$19.  
The "Improved Champion" Columbia Graphophone is the first genuinely high-grade instrument offered at its price, or any where near it. If you will take the trouble to put this Graphophone to a test, you won't heed any argument. You can prove its tone qualities by hearing it, and you can prove its mechanical perfection by examining it part by part.

This handsome Graphophone is a broad-based quarter-oak cabinet of pleasing design, a noiseless double-spring motor and a beautifully designed floral horn—black enameled, with gold lines. It is equipped with the patented tone-arm and a new type of the Columbia repro-gram that have made Columbia Graphophones famous all over the world for mellowness, resonance, sweetness and purity of tone.

## SKEENA RIVER.

J. R. Anderson's Interesting Paper Before Natural History Society Last Night.

A very interesting paper describing a recent trip up the Skeena river was read last night before the Natural History Society. It was illustrated by a number of pictures taken by Mr. Gillespie and shown on the screen by A. H. Maynard. The paper was listened to with great interest and a great many questions asked at the close. It told of the wonderful scenery, the agricultural and horticultural possibilities of the country, timber and other natural conditions. It was shown that the land in the river bottoms was a rich alluvial deposit and on the higher benches a rich loam. Both soils were very fertile and well suited to fruit growing or agriculture. No frost was felt up to the middle of last month, and potatoes were at that time quite green. Most of the trees were of a deciduous character, but there was some pine and hemlock. The pictures were wonderfully good, showing the marvellous mountain scenery of the region and the difficulties of navigating the river.

Coroner Hart is holding an inquest this afternoon into the death of Geo. Thompson.

To-morrow evening at 8 o'clock the regular monthly meeting of the Victoria Poultry and Pet Stock Association will be held in the Labor Hall, Douglas street. A full attendance of members is requested, as business of importance is to be discussed.

Late yesterday afternoon there arrived at the B. C. Orphans' Home, much to the delight of the little inmates, a truly splendid donation of mammoth fruit, vegetables, cakes, etc., from the B. C. Agricultural Association, every specimen being an eloquent tribute to the fertility of the province. The management desires to express gratitude and sincere thanks for the donation.

The annual missionary thanksgiving meeting will be held under the auspices of the Women's Missionary Society on Thursday evening in First Presbyterian church. A good programme has been prepared, one number of which will be an address by Rev. B. A. Wilson, superintendent of missions for British Columbia. The meeting is free to all, and a cordial invitation is extended to Christians and non-Christians.

## OCTOBER MEANS OPALS

For You or Your Friends if You Were Born in October

It is the stone of Hope. It is a gentle reminder to always look on the bright side of things—to hope for the best.

"October's child is born of Hope And all life's darkness she must know; But lay an Opal on her breast And Hope will hush the woe to rest."

You'll find Opals here that down woe and troubles in their wondrous beauty; and the prices are low. Come in and let us show you the Opals and Prices.

## WILL LECTURE HERE ON INSECTS AND HEALTH

Victorians Invited to Be Guests of Natural History Society to Hear Dr. Hewitt

The Natural History Society is inviting the general public of Victoria to be its guests on Monday evening, Oct. 10, at the Broad street hall, when Dr. Hewitt, the Dominion government entomologist, will lecture on "The Relation of Insect Life to Health." It is now generally admitted that flies have been largely responsible for the amount of illness on this coast during the latter part of the summer. Dr. Hewitt is an expert on this subject, and will discuss it in all its aspects. That his advice will prove of value as well as of interest is certain. The members of the Natural History Society were of opinion that as everyone would be anxious to learn what they could about this subject they should be given the opportunity of attending the lecture with the society. A public hall has been taken for the occasion and everyone will be made welcome.

## BAZAAR PROJECTED.

Will Be Held in Aid of Men's Mission, Store Street.

At a meeting yesterday of the committee in charge of the arrangements for the bazaar to be held in aid of the W. C. T. U. men's mission on Store street, the dates were fixed for Monday and Tuesday of next week, 10th and 11th instant. The management of First Congregational church, having courteously placed the lecture rooms at their disposal, the offer was gratefully accepted. The bazaar will be formally opened on Monday afternoon and will continue until Tuesday evening. No admission will be charged, and the public will be cordially welcomed. The Boy Scouts' band will be in attendance during the evenings, and there will be a good musical and literary programme as well. All sorts of useful and fancy articles will be on sale at reasonable prices. Afternoon tea and ice cream will be served and home-made candy will be on sale. As many different ladies' organizations throughout the city are taking an active part, it is confidently expected that the bazaar will be a decided success, both financially and socially.

Building permits have been issued to James S. Anderson for a dwelling to be erected on Turner street to cost \$500, and to Fred J. Holland for a dwelling on Vancouver street to cost \$1,800.

The opening of the fall and winter season's work of the young people of the Metropolitan Methodist church took place last evening. Rev. T. E. Holling delivered a talk on "What the Epworth League Stands For, the Life of God within the Soul, and the Development."

The Young Ladies' Club of the Metropolitan Methodist church will hold a social and business meeting at the home of Mrs. David Spencer, Moss street, on Wednesday evening at 8 o'clock. All the young ladies of the club are requested to be present.

John Arbuthnot, president of the Pacific Coast Coal Mines, Limited, denies the report that the P. C. F. is negotiating for the purchase of the company's property at South Wellington, but he admits that two large railway corporations have approached the company.

Rev. Dr. W. T. Stockhouse, late secretary of the Laymen's Missionary Movement in Canada, is leaving to accept a similar position in the United States. He is expected to address a farewell meeting to the members of the Tabernacle, Emmanuel and First Baptist congregations on Thursday evening in Emmanuel church, Spring Ridge.

George Sangster, secretary of the B. C. Agricultural Association, has issued a statement showing that the gate receipts for the fall fair total approximately \$8,400, which is one thousand dollars in advance of last year's returns. Although the fair was in duration but five days in comparison with six days in 1909, charging only ten cents admission for children on Tuesday and Thursday, whereas there was only one day for such a rate last year; selling tickets for admission in the evening at 25 cents instead of 50 cents, and for two days allowing uniformed boys into the grounds gratis, the B. C. Agricultural Association is able to report actual gate receipts for last year's exhibition nearly one thousand dollars in excess of those of a year ago.

## INQUIRIES FROM ALL PARTS OF THE WORLD

Vancouver Island Development League is Doing a Great Work

Each day brings its quota of sundry inquiries to Ernest McGaffey, secretary of the Vancouver Island Development League, from various parts of the world. The majority of the inquiries ask for information regarding the climatic conditions prevailing here and the agricultural resources of this island. In reply to these books and pamphlets describing every section of Vancouver Island are forwarded.

The most interesting communication received yesterday was from E. H. Richardson, navigating officer of the steamer Begonia, which plies between ports in India. In his letter he says, "kindly forward me information regarding possibilities for men of my profession and also in regard to fisheries, as I am desirous of settling in British Columbia."

H. G. Sivell, of the Panama Railroad Commission, department, with headquarters at Canal Zone, writes asking that information concerning the farming and fruit lands in British Columbia be sent him. He states that he has read a great deal about this province and has been greatly impressed with its resources, and if the literature sent him proves attractive he will try his luck here.

A former resident of Devonshire, but now an industrious farmer in Honolulu, Mr. Kilduff, called at the offices of the league yesterday to make an inquiry as to the farm lands on the island. A number of his friends in Devonshire contemplate coming to this province and have asked him, while he is in this city, to make inquiries.

During fair week the local branch did a bustling business. One hundred and ninety-three persons left names and addresses with the secretary to have literature forwarded. From the stand in the main building a considerable amount of matter concerning this island was distributed amongst those who visited the exhibition.

## LADIES' MUSICAL CLUB.

Programme for Thursday Evening's Concert in Institute Hall.

The following is the programme for the opening concert this season of the Ladies' Musical Club, to take place on Tuesday evening in Institute hall.

1. Rondo from the concerto, Beethoven.  
Played on two grand pianos by Mrs. S. MacLure and Mrs. A. J. Gibson.
2. Prologue—Paganini ..... Leoncavallo
3. Swedish dances ..... Max Bruch  
Miss Ethel Lawson.
4. Windmills ..... Schumann  
Mrs. H. Pooley.
5. (a) ..... Paul Edmonds  
(b) ..... Paul Edmonds  
(c) ..... J. D. A. Tripp

## Part II.

6. Songs (a) ..... Paul Edmonds  
(b) ..... Paul Edmonds  
(c) ..... Hubay  
Miss Ethel Lawson.
7. (a) Romance from Concerto ..... Wieniawski  
(b) Minuet ..... Handel  
(c) Czar's ..... Hubay  
Miss Ethel Lawson.
8. Soiree-Lied ..... Greig  
Mrs. Briggs.
9. Musical Readings.  
(a) "Mon Petit Coeur" ..... Early 18th Century  
(b) "An Old Romance" ..... Handel  
Mrs. Guy Kenningham Goddard.
10. "Montide Heat Has Long Passed Over" (duet) ..... Garing Thomas  
Mrs. H. Pooley and Paul Edmonds.

## LADIES' MUSICAL CLUB.

Paul Edmonds, a Pleasing Baritone, to Be Heard Here on Thursday Evening.

Paul Edmonds, who has been engaged by the Ladies' Musical Club to sing at their concert next Thursday, is an Englishman by birth, but received the most of his musical education at the Paris conservatoire. He also studied with a pupil of Jean de Reszke, Murray-Davies, a teacher of world wide repute, who also has the distinction of being the first Englishman honored by a permanent engagement at the Paris grand opera.

Mr. Edmonds was bass-baritone at the Gloucester festival of 1907, and toured with Tetrazzini in 1909. He possesses a voice not only of great compass and rare quality, but of that sympathetic and vibrant quality which touches and wins the heart.

## HARVEST FESTIVAL.

Annual Thanksgiving Service to Be Held at St. Barnabas' Church on Thursday.

The annual harvest thanksgiving service will be held at St. Barnabas' church on Thursday October 6th. There will be a celebration of the Holy Eucharist at 8 a. m. matins and second celebration of Holy Eucharist at 11 a. m.; evening at 8 p. m. The preacher at evening will be the Rev. W. C. Winch, vicar of Cobble Hill, B. C. Special music will be rendered as follows: Processional, 346; Proper Psalms, 65, 149, 150; Magnificat and Nunc Dimittis, Simper; Anthem, "Make a Joyful Noise"; Hymns, 348, 343; Processional, 344; Vesper Hymn, "Jesus We Pray Thee."

On Sunday, October 9th, harvest services will be continued. Preacher at morning service, the Ven. Archdeacon Scriven; preacher in evening, the rector.

To-morrow evening there will be a meeting of the health and morals committee of the city council to consider the plans for the extension and alterations to the isolation hospital.

The Mayor, Ald. Sargison and Ald. Bishop have been named a committee to make arrangements on behalf of the city for the formal reception to be tendered the officers and crew of H. M. C. S. Rainbow which is expected to arrive from England on November 9. The suggestion has been made that a piece of plate be presented on behalf of the corporation of the city of Victoria.

## EXPERT ADVICE TO RUGBY MEN

RULES FOR PRACTICE  
BY JACK JENKINSON

Famous Coach and Coast Referee  
Issues Plan on Which Teams  
Should Be Trained

Jack Jenkinson, the Rugby expert, who is annually requested to take the trip to California to referee all the big games there, and who on the mainland is considered the foremost Rugby authority, has drawn for the benefit of the Vancouver Rugby clubs a set of advisory plans for general practice, upon which he has previously coached Rugby teams. They are as follows:

Position of players—Scrum work, passing, kicking, scrum, line out, dribbling and passing.

Backs—Passing, kicking, scrumming, dribbling, taking passes off ground and returning to pass.

Kick-off—Important—When kicking off try and find which is the weak spot in the back division of opposing side so that it will give you a chance of scoring from a mull. Always play on the weak spot. If there is none, always kick high, which then gives you forwards a chance to get on to the ball before opposing player can make a mark.

Forwards to keep their position as given them, 1, 2, 3, 4, 5, 6, 7, 8 in line out from the touch. Three men will be chosen to receive the ball from touch so that when the signal is given No. 4 to take the ball the other four forwards must get to him and assist. No kicking up by forwards when out with the ball; must drop it at feet immediately.

Forwards must always be on the ball. Never watch to see how far your club mate may go. It is up to you to help him to go further by giving him your assistance. Forwards must keep cool in back or scrum, using scrum—scrum at every available opportunity.

No talking, everybody working, dribbling, spread out sides as passing so that you can cross kick to one another. When you get in and help him to bring your opponent down, because your chum may be fagged. Assist one another all the time.

Forwards—When pressed on the line and the ball is thrown close in, the player must get the ball and the rest of the forwards get round him, lock him same as in scrum and go through. This applies to put work, too. This will break up the opposing side by surprise. All this must be done smartly, half backs assisting as much as possible.

Free kicks—When taken by a forward or a back the man must use good judgment, either by finding touch, which is always safe, but many times the kick can be used to greater advantage. First, by kicking high up in the air, and allowing the fast men to get on the ball. Second, by kicking high to a weak spot on the opposing side. Every player, especially backs, must have his eyes open for making marks from knock-ons, etc.

Any player when making a kick down the field to touch or otherwise must follow up his kick, placing his men on side. Many advantages are lost through not following up.

To the backs—The more you can get in the game by following up your kicks the better enabled are you to take all chances that come your way. Cross kicking by backs must be brought into vogue as much as possible, never forgetting to place their men on side.

Backs must cover one another when a high kick has come into a back. The man closest should cover him in case he misses the ball. When one of the three-quarters or fullback kicks the ball down the field and follows his kick up the rest of the back division must cover his position in case of a return kick. In passing movements all backs should back up their man in case he may be forced into touch, whereby he could then transfer the ball back again and start any passing movement in opposite direction.

## EASTERN OPINIONS

Toronto News: Somehow when talking about the history of the Minto cup the Tecumsehs have been overlooked in the shuffle. Why this is so is a mystery, when it is considered that the Indians came closer to wrestling the silverware from the champions than any team making the trip before or since. The Tecumsehs went after the mug in June, minus Clarke, Davidson, Stewart and Merton, of their championship line-up, and held the West-ministers to a 6 to 4 score in the first game and 6 to 5 in the second. At half time in the last match they led 4 to 3, but a weakness in centre field, owing to the illness of Folker and Querrie, spoiled their chances. Manager Querrie does not agree with the statement made in these columns that the coast cracks are unbeatable. He is of the opinion that a team with a strong, husky defence and a fast field can take the measure of the Westerners. He points out that New Westminster captured the cup originally on a fluke. They beat the Shamrocks when they were totally unprepared for a hard struggle. If it had been two weeks later, they would never have accomplished the trick.

Winnipeg Free Press: Winnipeg and the west was shown very forcibly by the results of the Dominion championships at Montreal on Saturday that she has a lot to learn in athletic prowess. With the exception of Joe Keeper, the Indian member of the North End Athletic Club, the other boys from this part of the country failed to catch a place. The red-skin ran into third place in the five mile event, finishing behind Harry Tressler, the clever middle distance man of Toronto, and W. H. McVicar, of Boston, and his fellow club-mates are overjoyed at his good showing. Joe is young yet, and his first experience in the very fastest company

will do him good for the future. There were fourteen entries in the race, so he did not do at all badly. Harvey Orr and K. C. Blair had difficult tasks, for crack sprinters were never so numerous in Canada as they are at the present time; they never had a chance. The feature races of the day were the sprints, with such men as Bobby Cloughen-Kerr's great rival-Frank Lukeman, of Montreal, and Schaefer, of Halifax, competing. The surprise cropped up in the 220, when after having beaten Lukeman in the 100 yards, the latter turned the tables, beating the New Yorker at his best and favorite distance. Lukeman raced Kerr and Cloughen earlier in the season with little success, but he has improved since then, and Saturday's results, when he won the all-round championship with three firsts and a second, was a splendid performance.

Free Press—If G. A. Parker is running the People's Shield as an advertising medium for the weekly periodical after which it is called he is about the best press agent in Canada, for his bungling and wretched way of conducting affairs has meant that a good deal of space has been devoted to the competition during the last few years. The comment that has been made, however will do no credit to the London firm and the sooner it is realized that the management be taken out of his hands and trustees in the nine provinces of the Dominion agree to act, then and then alone, will it be worth while for the crack teams of Canada to strive for the title of champions. When the tourney was held in Winnipeg kicks were heard; it was the same at Calgary and Vancouver and now the voice of the Hillhurst champions is heard in the distance, and there is reason for it. Go have travelled all the way from the foothills of the Rockies to Toronto to have had some six thousand people watch them win the championship and to receive a cheque of \$35 is just about the limit.

## ENGLISH NOTES

Alfy Shrubbs, the wonderful distance runner, is to coach the Harvard runners.

The long-distance walking craze of a few years ago shows signs of revival in the old country.

The South African cricketers will arrive at Adelaide, Australia, on October

25, and five test matches will be played in the Commonwealth.

To show what a hold cricket has on Englishmen, it need only be mentioned that 51,000 spectators saw a benefit match to Samuel Apted at the Kensington Oval.

The heaviest man who ever played soccer football in England is Foulke, late of Sheffield United. He weighed close to 240 pounds; yet as a goalkeeper he had few superiors.

The Royal Irish Fusiliers have won for the third year in succession, the Duke of Connaught's obstacle race shield with 402 points, the Cameron Highlanders being second and the Gordon Highlanders third.

The largest attendance at any football game in Scotland is 121,452, on the occasion of an international game between Scotland and England at Glasgow. The largest attendance in England is given as 119,862, at an English cup final.

Queen's Park (Glasgow) is the only amateur team in the Scottish first league. As leaguers they generally occupy a lowly position on the table, but when it comes down to a real cup battle their football is of a very high order.

An English sporting paper says that Reggie Walker, the South African sprinter, is going back. We are left in the dark as to whether it means that he is going back home or going back as a sprinter.

Raith Rovers, the newcomer into the first division of the Scottish football league, may be said to be doing fairly well for a "baby." The other Saturday they played Glasgow Rangers in their home town, Kirkcaldy, the game attracting 10,000. As the Lang Toun has a population of only some 40,000 souls, this surely spells enthusiasm.

In old country football, when a player is ordered from the field for rough play, or using insulting language to the referee, it means that he is out of that particular game for good. When his case comes up for consideration before the football association, he may be suspended from further participation in football for two weeks or a month or even a year, according to the nature of the offense. If he has not come to some arrangement with his club in this regard, it means loss of wages. It is such a drastic measure as

this that accounts for the association game being comparatively free from ruffianism.

## LA MACHE SETS BETTING RECORD

New York, Oct. 4.—In the days of widespread betting on horse races throughout the United States, horses rated by the talent at 100 to 1 or even 200 to 1 have occasionally won their races. But a record for a "long shot" winner is believed by racing men here to be established by the winning in Paris of the Prix du Rhone by La Mache, an unknown horse which was rated at 665 to 1. Advice received here declare that a little known American, who had obtained the horse and trained him privately, was behind the big winning.

Teacher—Now, Willie, which would you rather have, two-sixths of a pie or one-third?  
Willie—One-third, miss.  
Teacher (sarcastically)—You would, eh? And why so?  
Willie—Cause if you cut it into sixths I'd lose more of the juice.—Boston Transcript.

## SPEED NEEDED TO DEFEAT THE WESTS

Referees Allotted for Saturday—  
League Meeting Thursday  
Night

The soccer football league has shaped itself already after the two opening Saturdays, and the judges of the teams on their merits are saying already that Victoria West will be the city champions again this year. It certainly looks that way, for there is on the play of the first two Saturdays only one team in the league that can give the West a game for it during the first round of the series, which closes November 6th. In the second round, however, there are a lot of things that may happen.

The team that looks to be nearest the premiers of last year is the fast contingent headed by Sam Lorimer, and hailing from the James Bay club, but this outfit will have to brace its for-

is best situated for turning out a superior football team, yet year after year they open the season fairly well, but end up about third or fourth. This year the Garrison has material better than for the last two seasons. The centre forward is a soccer player, Elton, the full back, is in better form than he has ever been. Fred Buxton on Saturday was in great shape, and they have weight and speed in several of the remaining men. If the team was trained with regularity and turned out to play on a systematic basis there is no team in the city league that could beat it.

The Foresters lacked Pearson, the centre forward last Saturday, and it is understood that the postman will be an infrequent player with the team. The loss is severe, for Pearson ranks as one of the two best centre forwards in Victoria, and his absence sets the Foresters at a disadvantage.

Esquimalt, Empress and Cedar Hill teams are panned in the run for the cellar. Cedar Hill as yet has been unable to score a goal, while a defeat each to the Empress and Esquimalt by the Bays and Victoria West, and an equal number of goals when they met last Saturday, places them as nearly equal for the sixth and seventh places as is possible.

Saturday's matches will provide two interesting games, one between the Garrison and Victoria West and the other between the Foresters and the James Bay team. The closest contest

## MAN WHO MENACES JOHNSON'S TITLE

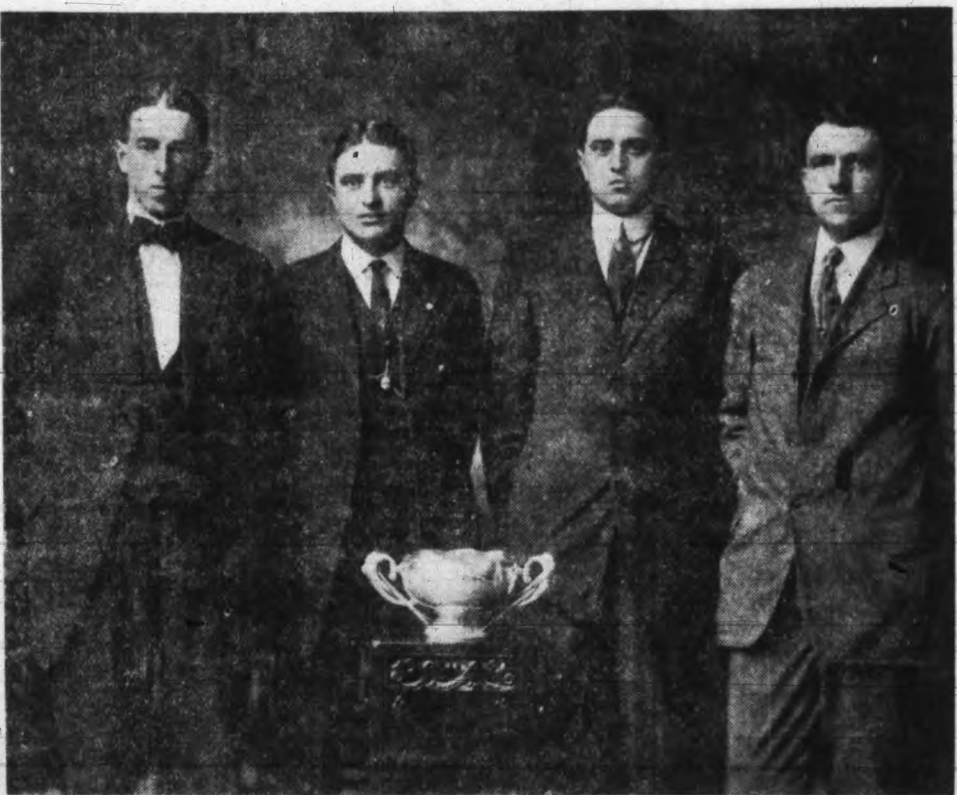

## Kaufman Figures Out as Heavy- weight Whose Star of Victory May Be in Ascendant

As Al Kaufman, the California heavyweight, appears to be the only white fighter at this time, who would stand a show with Jack Johnson, the champion, and as it is generally believed Johnson and Kaufman will sooner or later come together for the title, the following comparison of the physical measurements of the two fighters is of interest:

	Johnson	Kaufman
Last December	on Labor Day	
Age	24	24
Weight	200 lbs.	200 lbs.
Height	6 ft. 11 in.	6 ft. 11 in.
Neck	17 in.	17 in.
Chest	40 in.	41 in.
Waist	33 in.	33 in.
Upper arm	12 in.	12 in.
Forearm	12 in.	12 in.
Thigh	23 in.	23 in.
Calf	16 in.	16 in.

The first cardinal point is years. As Johnson had the better of it in this respect over Jeffries, so has Kaufman over Johnson, but more so. "Youth will prevail," something many of us forget. Kaufman's star is rising. Johnson's will, before long, begin to decline.

Again, this youngster of 24 has Johnson

J. B. A. A. WINNERS AT ANNUAL REGATTA.

Four successful oarsmen who won the club fours and Flumerfelt cup. From left to right: E. D. Todd (bow), Leo Sweeney (No. 2), Joseph Sweeney (No. 3), W. N. Laing (stroke).

ward line and develop something on the rush order to cope with the forward work of the leading team. The teams meet on November 6th, by which time the James Bay club will have had an opportunity to get into the best condition and appear in the field with that only thing which will beat Victoria West—speed.

North Ward team this year is not as good as it was last year, when in the second division. The eleven club played then was a clock-work proposition, and the club in admitting a number of new players has sacrificed combination and enthusiasm for experience. The fact that the Wests and the Bays and the Foresters all had to seek new men this year gave the North Ward team the advantage of a regular playing combination (had they retained the old team of last year to a man).

A team likely to show fairly well against the Wests is the Garrison, but the soldiers always, every season, suffer from lack of training. They have an irregular team, the members of which are frequently changed, some of them showing flashes of condition and others being entirely out of condition, therefore they cannot be considered as likely contenders unless they pay more attention to training for the game. Of all the clubs in the league the Garrison

seems to be the latter. The referees have been allotted in both divisions as follows:

Garrison and Victoria West at the barracks. D. McDougall; Cedar Hill and Empress at the university. A. Locksley; Esquimalt and North Ward at the Canton ground. G. Allison; Foresters and James Bay at the Royal Athletic park. S. J. Thompson.

Second division—Oak Bay and Fifth Regiment. W. Lorimer; Baraca and Garrison. H. Pettitrew; Beacon Hill and Esquimalt. J. Bain. North Ward and Victoria West. F. Walters.

A meeting of the soccer league will be held Thursday night, when junior league entries will close and the constitution be further discussed.

## NORTHWESTERN 14.2 BILLIARD CHAMPIONSHIP

Tacoma, Wash., Oct. 4.—In the first night's play for the 14.2 inch billiard championship of the northwest here last night, W. C. Dunaway, of Portland, beat W. G. Johnson, of Tacoma, the champion, 300 to 207 points.

beat in height and in weight, but this was also true of Jeffries.

The same difference in neck measurement obtained as did between Johnson and Jeffries, the advantage going to the negro by a quarter of an inch only. As pointed out last December, Jeffries and Johnson were both very nearly even in girth of neck, which in large measurements shows great vitality. The great blood vessels running to and from the brain, of course, are contained here, and, as Dr. Sargent, of Harvard University, has pointed out, this is an important index of vitality.

Johnson is the better by only an inch in chest measurement, but of course, every novice knows that this counts to the good for heart and lung room. If there is no superfluous fat, and both have a remarkably good tapering down to the waist, while keeping good bulk in the powerful side muscles of the torso. The champion is decidedly ahead in arm and forearm, and has a larger thigh but a slimmer calf. Both are symmetrical. Neither man has been fat to any appreciable extent, which is a great point.

"Won't you please give me an order?" pleaded the persistent drummer.

"Certainly," replied the crusty proprietor. "Get out!"—Hippocrit.

"Tapa," asked a little boy, "what is a legal blank?"

"A legal blank, Johnny," replied his father, "is a lawyer who never gets a case."—Chicago Record-Herald.

## TO VOTE SOON ON GOLDSTREAM

BY-LAW NEARLY READY FOR RATEPAYERS

Agreement Between Esquimalt Waterworks Co. and City Approved by Council

The by-law providing for the expropriation of the holding of the Esquimalt Water Works Company will be submitted to the ratepayers at the earliest possible date. This decision was reached at last evening's meeting of the city council, when the agreement fixing the terms of the by-law, which had been drawn by the city solicitor and approved by the directors of the company, was similarly approved by the city council. This agreement is to the effect that in the event of the by-law passing and the company's holdings being expropriated, in accordance with the act, the decision of the arbitrators shall be accepted as final both by the city and the company.

Ald. Fullerton raised the question of the date on which the by-law would be submitted to the ratepayers. He had observed a statement in the press to the effect that the by-law would be taken until the municipal elections. He disapproved of this course. The by-law should be submitted at the earliest possible date.

The mayor said he understood that the wish of the water committee was that the by-law should not be submitted to the ratepayers until after a further inspection had been made of the system at Goldstream at the end of the dry season. In a couple of weeks it would be possible to make this final inspection and then the by-law could be submitted immediately thereafter.

Ald. Langley wanted to know if the agreement which had been drawn up by the city solicitor contemplated finally as far as it was possible to make it so. There were a number of ambiguous clauses in the act, and he suggested that the solicitor and the legal representatives of the company get together and arrive at some decision as to the interpretation which was to be placed on these clauses.

City Solicitor, McDiarmid said he would hesitate to attempt an interpretation of the clauses to which Ald. Langley had alluded. It was a responsibility which he would not care to assume.

Mayor Morley urged that the solicitor should, before the by-law was finally drawn, consult with the solicitors of the company and get an agreement that there would be no appeal beyond the Supreme court in the event of litigation.

There are two parties waiting in Victoria the result of this month's conference between the Northwestern and Coast league officials. T. McConnell leads one and P. Fleming the other. Both believe a permit will be given Victoria. It will probably end in a joining of forces into a Victoria baseball company.

Johnny Evers may be out of the national game for life. Surgeons, while preparing to set the bone in his right ankle, discovered that three instead of one bone were broken, and that the injury may seriously affect the ball player's future career.

The Victoria West junior football team meets Friday night at the athletic club rooms. The meeting will be strong on refreshments, because every likely soccer youngster is wanted.

S. Okell, E. Christopher and J. P. Sweeney, the committee appointed to arrange the end-of-the-season lacrosse smoker, report that the date will be announced as soon as the medals for the winners arrive.

The medals will be solid gold. The smoker programme will have several attractive numbers, a couple of boxing bouts and what John P. calls "good boys," probably meaning supper.

There is a J. B. A. A. Rugby fifteen practice to-night at the club rooms gymnasium, James Bay. In view of the match against the Argos of Vancouver Thanksgiving Day, the Bays' management want all the men to turn out to-night.

The Victoria and Wanderers Rugby teams will hold a practice on Saturday afternoon at the Oak Bay park. Prior to the game there will be a J. B. A. A. hockey club practice. The hockey men are expected to be on the ground at 2 p. m.

The Victoria West athletic club met last night at the room and discussed the building plans which are announced as progressing favorably. D. S. Tait occupied the chair.

Butler, the Toronto Argonaut single sculler, who will go to the English Henley next year to endeavor to bring to Canada the Diamond sculls, looks like a comer. He was beaten at a National regatta at Washington, but he wanted to go to the middle states on purpose to show that the beating he got at Washington was a fluke, and he proved it, which shows the stuff he is made of. Butler will go early to the Old Country, and it is the intention to send a trainer along with him. Butler is strong and well built for a sculler. He has tremendous speed in his boat and sculls very neatly. This year he was pretty sick about two weeks before the Canadian Henley, and this set him back in his training, but he showed his class by beating Smith of Boston, who was considered very dangerous and had been training for three months to win this event.

As a result of the lacrosse season in Vancouver Con Jones, who placed the first provincial lacrosse team in the field in the Terminal City, announces that he is a loser on the first season by \$764.

During a recent examination in the theology of the Old Testament the following question was asked a young clergyman: "What language did Balaam's ass speak?" After a moment of thought, a smile flashed across his face and he wrote his answer: "Assyrian."—Lippisotti.

## PAVING WORK ON FORT STREET

TO RUSH WORK ON UPPER PORTION OF ROADWAY

Section Between Yates Street Junction and St. Charles Street to Be Asphalted

A decision was reached at last evening's meeting of the city council to proceed at once with the paving of Fort street, between Yates street junction and St. Charles street, in accordance with the wishes of the property owners along that thoroughfare, who long ago petitioned for the work. The engineer will, however, so make the grade that in the event of the street being widened later on the pavement may easily be made to conform to the greater width.

A number of the aldermen, while conceding that the work should be proceeded with at once, were not entirely satisfied that trouble would not ensue as a result of the decision to make the grade in the shape proposed; it being urged that it will be impossible for the engineer to give proper lines for the tramway company to lay permanent tracks. The matter came up for discussion on the receipt of the following letter from Pooley, Luxton & Pooley:

Gentlemen: We are instructed by Mr. A. E. Todd of St. Charles street, and other ratepayers of this city, that you contemplate forthwith entering into a contract to pave a part of Fort street between Yates street and Oak Bay junction. Our clients, while not wishing to do anything to retard any going going to the improvement of the city, do protest against the expenditure of the ratepayers' money on this particular work, until the question of widening the street is settled.

Our clients had with others signed a petition for this widening and were obtaining other signatures referred to was raised when they were met with the objection that it was of no use as the work could not be done.

We are instructed to ask you not to authorize the contract, in question to be signed until a decision of the court on the legal point mentioned, or the necessary amendment to the act has been obtained.

We are further instructed unless we have an assurance to-morrow morning that this request will be complied with to apply to the court for an injunction.

Ald. Mable was in favor of having the letter received and filed and the city engineer instructed to award the contract. There had been altogether too much delay about this matter and he urged that it now be done at once.

A lengthy discussion ensued as to whether the engineer ought to be instructed to make the grades conform to the proposed widening scheme. The mayor strongly urged that the engineer ought to keep the widening scheme in mind in giving the grades, though he realized that there would be some difficulty in giving the proper lines for permanent tracks to the B. C. Electric Railway Company.

Finally, after a long discussion, it was decided to award the contract for the work to the Worswick Company, the engineer to give such grades and levels as will enable the widening scheme to be carried out if the owners so desire. The city engineer and the solicitor will also be asked to ascertain if any owners are encroaching over the street lines and to demand that they move back before the work of paving be undertaken.

## JUVENILE OFFENDERS IN GREAT BRITAIN

Sweeping Changes in Criminal Law Likely to Be Made in Near Future

The British government is preparing to inaugurate sweeping changes in the methods of dealing with adult criminals and juvenile offenders. For months a prison commission has been at work gathering figures as to crime in the British Isles and comparing the methods and results with those in America. The net result is a determination to take up the system of education and probation.

One of the most radical changes under serious consideration is an abandonment of the time-honored ticket-of-leave system. Serious crimes in the British Isles have decreased in the last half century from 13.7 to 3.4 per cent of population. Since 1880 a number of juvenile convictions has lessened from 17,940 males and 3,645 females to 12,645 males and 1,234 females. Juvenile prisoners now number but 8 per cent of the total, number of inmates of these institutions, as against 14 per cent, ten years ago.

The home secretary now holds that boys or girls should not be imprisoned for gambling, pitch-and-toss, rowdyism, stone throwing, swearing, football in the streets, breaking lamps, sleeping out, or piling obstructions. Such

offences, he says, are sometimes merely the result of high animal spirits which, properly trained, may prove the best assets these youngsters can have in moulding their destinies. He announces he is going to try to reach this class of delinquents by methods now being tried in other countries—the probationary system, education in reforming institutions, and the like.

At present 5,000 youths are sent to prison each year for minor offences against good order. The state will in future recognize the principle that no youth between the ages of sixteen and twenty-one ought to be committed to prison for any punishment or term which has not a definite aim for discipline and education. All the societies, which deal with juveniles are to be strengthened to carry out the national reform movement.

## DID NOT APPEAR AND WAS ARRESTED

Samuel Dawe Made His Own Plumbing Connections Without Permit

For failing to obtain a permit to make plumbing connections at his house on San Juan avenue, Samuel Dawe appeared in the police court this morning, but was allowed to go without being fined.

Dawe has been summoned and ignored the court's order to appear. A warrant for his arrest was issued and it was made plain to him that he would have to obey the plumbing regulations of the city and the order of the court Dawe has taken out a permit for the work, which will now be done by a licensed plumber.

The magistrate this morning said as Dawe had been under arrest and had explained his fault was due to ignorance of the city regulations he would not inflict a fine.

## CITY OF VICTORIA

A complete list of Local Improvement Works, authorized by By-Law, from time to time, will be found posted on the Bulletin Board at the main entrance to the City Hall.

## Municipal Notice

The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable to construct permanent sidewalks of concrete on both sides of Collinson Street, between Cook Street and Truth Street, and to construct curbs, gutters and boulevards (including maintenance) on said street, and that the said work shall be carried out in accordance with the provisions of the Local Improvement General Bylaw and amendments thereto, and the City Engineer and City Assessor having reported to the council in accordance with the provisions of section 4 of said bylaw, upon each and every of said works of local improvement giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said works and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the council:

NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the city assessor, City Hall, Douglas Street, and that unless a petition against any proposed work of local improvement above mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the council within 15 days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the Council may by bylaw in that behalf regulate and determine.

WELLINGTON J. DOWLER, C. M. C. City Clerk's Office, Victoria, B. C., Sept. 21st, 1910.

## CIVIC NOTICE

Re Municipal Election, 1911.

The attention of persons residing in the City of Victoria is hereby called to the fact that the Municipal Election to be held on the 2nd Thursday of January, 1911, is drawn to Section 6 of the "Municipal Elections Act," which provides that "in the case of the holder of a trade license, or in the case of a householder, he, or she, shall, during the month of October in each year, make, and cause to be delivered to the Clerk of the Municipality a Statutory Declaration made and subscribed before a Supreme or County Court Judge, Stipendiary or Police Magistrate, Commissioner for taking Affidavits in the Supreme Court, Justice of the Peace, or Notary Public, in form, and to the effect of Form 1 in the Schedule to the said Act in the case of the holder of a Trade License, and of Form 2 in said Schedule in the case of a householder."

"HOUSEHOLDER" shall extend to and include any person of the full age of twenty-one years who occupies a dwelling, tenement, hotel or boarding house, who has been a resident in the Municipality from the first day of January of the current year, and who shall, unless exempted by the provisions of the proviso at the end of sub-section (117) of Section 50 of Chapter 32 of the Statutes of 1906, being the "Municipal Clauses Act," as amended (which exempts certified efficient militiamen and persons over the age of 60 years from paying road tax), have paid directly to the Municipality all rates, taxes or assessments, which are not chargeable on land, which rates, taxes or assessments so paid shall amount to not less than two dollars, due to the Municipality for the current year, other than water rates or taxes, or license fees for dogs.

Section 7 of the said Act further provides that "No declaration shall be accepted by the Clerk of a City Municipality, unless it is delivered within 48 hours after it is made."

Section 13 further provides that "No person who is not a British subject shall have his name placed upon any Municipal List of Voters."

Form of Declaration may be obtained, and the necessary Declarations made, at the Office of the City Assessor, 2nd floor, City Hall, Douglas Street.

WELLINGTON J. DOWLER, C. M. C. City Clerk's Office, Victoria, B. C., September 23rd, 1910.

## Local Improvement Works

The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable:

1. To grade, drain and pave with bituminous macadam Blanchard street, between Humboldt street and Douglas street, and to construct permanent sidewalks of concrete with curbs and gutters on both sides of said street, including cost of sewer, surface drain and water laterals.

2. To pave with asphalt Vancouver street, from the south side of Burdette avenue to Humboldt street (roadway 32 feet wide), including cost of sewer, surface drain and water laterals.

3. To pave with asphalt Menzies street, from Belleville street to Simcoe street, including cost of sewer, surface drain and water laterals, and that the said work shall be carried out in accordance with the provisions of the Local Improvement General By-Law and amendments thereto, and the City Engineer and City Assessor having reported to the Council in accordance with the provisions of section 4 of said by-law, upon each and every of said works of local improvement, giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said works, and the reports of the City Engineer and City Assessor as aforesaid having been adopted by the Council:

NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the city assessor, City Hall, Douglas Street, and that unless a petition against any proposed work of local improvement above mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the Council within 15 days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to the payment of

the cost of such improvement as the Council may by by-law in that behalf regulate and determine.

WELLINGTON J. DOWLER, C. M. C. City Clerk's Office, Victoria, B. C., Sept. 21st, 1910.

## CIVIC NOTICE

## Local Improvement Notice

The Municipal Council of the Corporation of the City of Victoria having determined that it is desirable:

1. To grade, drain and pave with asphalt Queens Avenue (roadway 26 feet wide) from Quadra Street to Cook Street, and to construct a permanent sidewalk, with curbs and gutters, on the north side of said avenue, from Quadra Street to Cook Street, and on the south side of said avenue, from Vancouver Street to Cook Street, and to construct permanent sidewalks on both sides of said avenue from Cook Street to Chambers Street, and to construct a curb and gutter along the northern boundary of the North Park, including cost of sewer, surface drain and water laterals.

2. To grade, drain and macadamize with bitumen Vancouver Street, between Queens Avenue and Bay Street, and to construct permanent sidewalks, with curbs, gutters and boulevards (including maintenance), also cost for main sewer, surface drain and water laterals, and that the said work shall be carried out in accordance with the provisions of the Local Improvement General By-law and amendments thereto, and the City Engineer and City Assessor having reported to the council in accordance with the provisions of section 4 of said by-law, upon each and every of said works of local improvement giving statements showing the amounts estimated to be chargeable in each case against the various portions of real property to be benefited by the said works and the reports of the City Engineer and City Assessor as aforesaid, having been adopted by the council:

NOTICE IS HEREBY GIVEN that the said reports are open for inspection at the office of the city assessor, City Hall, Douglas Street, and that unless a petition against any proposed work of local improvement above mentioned, signed by a majority of the owners of the land or real property to be assessed for such improvement, and representing at least one-half of the value of the said land or real property, is presented to the council within 15 days from the date of the first publication of this notice, the Council will proceed with the proposed improvement upon such terms and conditions as to the payment of the cost of such improvement as the Council may by bylaw in that behalf regulate and determine.

## How Can a Cloth Be Rain-Proof, Yet Porous?

If you examine a single fibre of wool through a microscope, you will find a small passage or canal through the interior. When the cloth is rained upon this canal, in its normal state, immediately fills with water, and the woollen material is said to be in a soaked condition. Now, by the secret English process by which our cloths are made rain-proof, each canal in each fibre of wool is filled up with an insoluble substance, thus destroying the hygroscopic quality, or, in other words, the power of the fibre to absorb water.

Add to this the apparent opacity of the material obtained by the texture being tightly woven, and you have the perfection of a rainproof yet porous cloth, which will resist hours of continuous rain.

YOU ARE INVITED TO CALL AND EXAMINE OUR RAINCOATS.

### PREPARING PLANS FOR

G. T. P. HOTEL HERE

General Passenger Agent Hinton, Who is Here To-day, Makes Announcement

W. P. Hinton, general passenger agent of the G. T. P. lines and steamship service, arrived in the city from Vancouver on the steamer Prince Rupert, accompanied by R. C. Lett, travelling commission agent of the G. T. P., who came down from Prince Rupert after completing a ninety-day trip from Edmonton to the coast.

Mr. Hinton, seen by a Times representative, said that he had no important announcements to make on behalf of his company. He could give no further particulars regarding the new G. T. P. hotel except that plans were being prepared.

In regard to Mr. Lett's trip, Mr. Hinton said that it had been undertaken for the purpose of securing reliable data regarding the interior of British Columbia through which the Grand Trunk Pacific passes. "We have had thousands of enquiries regarding the resources of the country, especially agriculture and mining, and finding that accurate information was not available, dispatched Mr. Lett over the route of the road to make a personal investigation. We intend this winter to answer the enquiries received and also to prepare literature containing information of such character that we will be ready to take the responsibility for the matter it contains."

Mr. Lett left Edmonton on June 24th with thirty pack-horses and a considerable party. He was accompanied by J. C. Swan, the official photographer of the G. T. P.; G. Horne Russell, the well known painter who is doing special work for the company; and an English magazine writer, Mr. Talbot. Over one thousand miles were traversed, the time taken being 91 days from the Alaskan city to Prince Rupert.

## The Evening Chit-Chat

BY RUTH CAMERON

"I'm so discouraged," said the sick lady across the street. "Here I've been dieting and doing 'what I should' and eating eggs, and taking baths, and doing everything else that doctor tells me to, for six months, and I'm nowhere near well. I don't believe he's much good."

The sick lady across the way broke down after six years of overwork. For six years she worked in an office where she had to work overtime three or four days in the week. For six years she abused her stomach by hurried breakfasts, followed by wild dashes for the train, and frequent cold and hasty lunches at noon. For six years she failed to take enough exercise and outdoor air. At the end of the time she broke completely.

And now after six months of hygienic living, she is complaining because she is not entirely well yet.

It takes two or three days to tear down a house that it takes as many weeks to build.

Just why one should expect to reverse the ratio and build up one's body house in about one-hundredth the time it took to tear it down?

And yet, how many men and women lose faith in their doctors because they can't accomplish that miracle.

Does it seem exactly sane or reasonable or fair?

"I heard a woman making a very extravagant purchase the other day. Or rather, I heard her telling about it."

"It didn't cost her but fifty cents, but I think it was one of the most extravagant purchases I ever heard about."

"This was the way of it."

"We were on shipboard. The lady's ten-year-old son was sick and the stewardess had advised castor oil."

"Didn't he make an awful fuss about taking it?" someone questioned.

"Oh, no," she answered, cheerily, "I suppose he would have, but when he starts to make a fuss, I always tell him I'll give him fifty cents if he will be good, so that's what I did to-day."

Many things lose their value if they are bought. Friendship is one of them and obedience is another. The woman who buys her child's obedience instead of receiving it as her due is making a most extravagant purchase, because she is laying up trouble for herself by every cent she spends that way.

I was telling someone of the incident and my feelings about it.

"But I think it was nice to give the little boy fifty cents for taking any-

CUTICURA SOAP, CUTICURA OINTMENT AND CUTICURA RESOLVENT are priceless.

thing so nasty as castor oil," she protested. "I don't see why he shouldn't have a reward."

Neither do I. But that wasn't a reward. It was a bribe. He wasn't given it because he had been good. He was offered it on condition he would be good.

And I think there's a world of difference between those two.

*Ruth Cameron*

**THE ADVANCE MAN**

Next Saturday's Attraction.

The programme of "The Battle," the play in which Wilton Lackaye is to be seen at the Victoria Theatre on Saturday evening, really ought to read "in four acts and an epilogue." The last quarter or third of the last act, after the love affairs and all the sub-plots of the play proper have been successfully brought to a close, is devoted to an epilogue so novel and amusing that it would be a shame to divulge its nature in advance. Suffice it to say that the most carping of critics in the cities that have seen the play have accepted this digression from the stereotype in so complimentary a vein that it is safe to assume that the technical structure of the piece loses nothing through the innovation.

**BRICKLAYERS CALLED OUT**

Winnipeg, Oct. 4.—Another difficulty arose in the building trades to-day when the bricklayers' union called out 125 bricklayers and laborers working for Saul & Irish, general contractors, the reason being that the foreman refused to pay the union a fine of \$15, claiming that he was not a member of the union.

**WIRES BLOWN DOWN.**

Winnipeg, Oct. 4.—Violent storms paralyzed telegraphic communications east and south last night, and at present wires are being recovered, but slowly, with consequent congestion of all business. The Canadian Pacific railway suffered chiefly between Sudbury and Cheltenham, Ont., along the north shore, where many poles were blown down. To the south the storm centre was in the neighborhood of Fargo, N. D., and the Great North Western for a time lost practically all its wires with Minneapolis and Chicago. Indications are of severe storms on Lake Superior, but so far details have not been obtainable.

**Mind Your Own Business And Put Others in Mind of It!**

**It's a Long Time Since the Days of Cariboo**  
Time was when the Victoria merchant thought he didn't need advertising. He knew all the miners who came down from Cariboo in the winter, for he played cribbage with them in a back room of the hotel. Later, conditions became stereotyped, and he expressed his lack of enterprise by the reflection that "everybody knows me anyway."

**Modern Shoppers 'Know Not Joseph'**  
Victoria has increased in population from 22,000 to 50,000 in the past four or five years. What does that mean? Simply that apart from the natural changes, a new city has sprung up with all the needs that inevitably follow. Thousands of new kitchens to stock, new tables to spread, new homes to furnish, new people to clothe and feed and house. Count the new faces on the streets. Where do these people go to shop? The answer is obvious. To the stores and shops which seek their trade. The stores which advertise are naturally the ones which catch the trade, for while there may be some poor shops that do advertise, there are very few good shops that don't.

**Methods of 'Fifty-Eight Gone Like the Dodo**  
Some of the best firms in the city—and the most enterprising—were doing business in '58. But they are not using '58 methods now. They are modern and up-to-date. They are holding their own with the new banks, new clothing stores, new butchers, new druggists, etc., that have invaded the local field. They enjoy the advantage of long standing in the community and of the prestige which comes from years of honorable dealing.

**Advertising Never Takes a Day Off**  
But prestige is a fickle thing—hard to gain and hard to maintain. The merchant or manufacturer must continue his leadership as an advertiser, or he will surely drop from the public mind. It has been demonstrated time and again that few proprietary articles can be so firmly established as to need no longer the aid of advertising. Some manufacturers have assumed that they were so placed that their goods would be their own advertisement, only to discover that prestige diminished the moment the effort to sustain it ceased.

**There Are No Frontiers In Advertising**  
Those frontiers of trade territory which personal salesmanship has always had to acknowledge are absolutely banished by the advertising methods. An advertisement goes everywhere. A stove was recently sold by mail to a man on an island in the Pacific who rowed it laboriously from his nearest station and post office to his island home.

**No Day Without An Advertisement**  
Advertising, like liniment, doesn't do much good when applied with a feather. It needs to be rubbed in for results. Apply it through the right mediums to the right people at the right time, and keep on rubbing it in until returns begin to come. Then, still keep on a rubbing.

**If You Don't Advertise Your Business The Sheriff May**  
A shipbuilder who would construct a staunch vessel all ready to take to the water, and then forbear to launch it on the plea that he couldn't afford to buy the tallow wherewith to grease the ways, would speedily be the central figure of a lunacy commission's inquiry and the occupant of a padded cell. Yet why should such a man be subject to restraint when merchants run at large who have laboriously put together their little barques for adventure upon the seas of business, and left them high and dry upon the margin of the flood that others successfully navigate, because forsooth, they "cannot afford to advertise?" Every business man can afford to advertise. He who thinks he cannot is the victim of a costly hallucination which a first-class daily newspaper like the Times can infallibly help him to dispel.

## Change of Business

Mr. T. Redding, Grocer, Victoria West, has sold out his business to the Paterson Mercantile Company, Limited, who will carry on the business at the old stand, under the management of Mr. W. C. Paterson, who has had 20 years experience in the Grocery business. They solicit a continuance of the patronage so generously extended in the past to Mr. T. Redding, and will endeavor to meet the wishes of all the old patrons, and all new ones who favor them with their business.

## Paterson Mercantile Co., Ltd.

Successors to T. Redding.

### U. S. PACIFIC FLEET.

Rear-Admiral Barry is Commander-in-Chief.

Washington, D. C., Oct. 4.—Rear-Admiral Edward B. Barry has been designated commander-in-chief of the Pacific fleet, and Rear-Admiral Channing Thomas, commander of the second division of that fleet. Captain Thomas will be ordered homeward soon to be made a rear-admiral and commander of the third division of the Atlantic fleet. Orders to this effect were announced.

nounced by the navy department yesterday. There will be no other fleet changes at present, so far as commanding officers are concerned. The change in the Atlantic fleet will take effect October 20th and in the Pacific fleet November 1st.

### WIFE SEES RACER KILLED.

Springfield, Ill., Oct. 4.—Vance Vredenburg, aged 26, son of Mr. and Mrs. Peter Vredenburg, of Springfield, was instantly killed in the 20-mile automobile race at the state fair—grounds track, when the car he was driving plunged through the fence, and he was almost decapitated.

Sitting in the grand amphitheatre was his bride-of-but a few months. She fainted and was taken away in an ambulance. Vredenburg's body hit the top fence rail and was thrown several feet from where the car struck.

### VISITOR'S VIEWS.

London, Oct. 4.—"British men and British money must be poured into Canada unless we want to see the country influenced to too great an extent by the United States," said Bishop Taylor Smith, who has just returned from Canada.

## AFTERMATH OF HERESY CHARGES

CLEAVER SAID TO HAVE INTELLECTUAL SQUINT

Eminent Methodist Divines Publish Correspondence in Regard to Matters of Faith

"I write to ask what explanation you have to offer and what kind of reparation you propose to make for the wrong you have done me?"

This is the concluding paragraph of a letter which Prof. George Jackson, of Victoria college, has written to Rev. Dr. Solomon Cleaver at Toronto, since his return from abroad. It is an echo of the Methodist conference discussion on the orthodoxy of Prof. Jackson, who was in England at that time. Dr. Cleaver is well-known here, having been for several years pastor of the Metropolitan Methodist church in this city. In sending a copy of his letter to the press Professor Jackson says:

"I enclose herewith a letter addressed by me a week ago to Rev. Dr. Cleaver. Dr. Cleaver has to-day replied expressing regret if he has done me any injustice, but adding that he cannot 'sympathize' himself for the use that he has made of my words, inasmuch as he thinks he only gave them their natural interpretation. He adds, moreover, that much as I may protest against unitarianism, I persist in teaching its very essence. Under these circumstances, I have no alternative but to ask you to give my correction the same publicity as has already been given to the original misstatement. I entirely acquit Dr. Cleaver of any intention to misrepresent me; he is altogether too good a man for that, but at the present moment he is suffering from a kind of intellectual squint which prevents him from seeing things as they are, or distinguishing things that differ."

The following is Dr. Cleaver's letter: "Dear Brother Jackson: Yours of the 14th I found awaiting my return home, and I have carefully noted your protest that I had not fairly quoted you in attributing to you the words taken by me from the July number of The Methodist Review."

"Now, I do not hesitate to say that I am very sorry if I have misunderstood your language, and thereby done you an injustice, for I would not for any consideration take a position or make a statement that I thought unfair to you, and I fully believed I was using your own language as you intended. Since receiving your letter I have carefully reviewed the article, and can understand how you may have intended it to mean as you state, yet I find no cause for condemning myself for misunderstanding you to be giving your own views in the words quoted, for not only does that seem to be the natural interpretation of the sentence, but it is in keeping with the views and implications of the following pages."

"But lest it might be the fault of my stupidity and not of your putting of the case, I consulted a friend whom I thought well qualified to judge in such matters, and he fully agreed with my view, and added that if you did not mean it as I understood it your wording was very unfortunate."

"The reason I did not read also your previous statement, 'For the New Testament student who accepts, as the writer does, unreservedly, with his whole mind and heart, the church's faith concerning Jesus Christ, etc., is very simple; I was trying to state, not your protestations, but your teaching. For, while you protest that you thus accept the church's faith concerning Jesus Christ, you proceed to teach what has not been, and is not, the church's faith concerning Him."

"Just as you protest against Unitarianism and yet persist in teaching its very essence, to many of us you seem very illogical and inconsistent in many of your positions."

"While I am writing this frankly I can assure you it is without any tinge of bitterness, but I feel deeply grieved that one capable of so much helpful service, and once so successful in helping lost men to the Saviour, should have gone so far astray and become the destroyer of the faith and hope of many. I can further assure you that this business in which you and I have figured so prominently has never been pleasant to me, and has perhaps caused me as many sleepless hours as your self. But while we continue to possess consciences that lead us to such diverse conclusions, I presume our individual conceptions of duty will compel us each to strive to counteract what he believes to be the wrong influence of the other."

"However, as I feel assured is the case with yourself, I am earnestly praying to be guided into all truth, and that my heart may never have a place for aught else but love. Reports persist in reading into my statements a purely personal attack upon yourself, which is entirely erroneous, for my complaint is against such teaching wherever found, and especially in Victoria college, which, I am assured, has long been teaching speculations and theories very similar to your own. But you, fortunately or unfortunately, have written a book and put the teaching into a definite concrete form that we could criticize. This makes a personal element appear where none was intended."

"Yours in the Master's service,"

"S. CLEAVER."

## 3000 YEARS AGO THE EGYPTIANS CURED DISEASE WITH FRUIT

To-day, Canadians Are Doing

It With "Fruit-a-lives"

The Famous Fruit Medicine

We are apt to consider the age we live in as the most wonderful age that the world has ever known. It is, in many respects. Yet the ancients surpassed us in some things. Engineers of our 40-story sky-scrapers still marvel at the massive pyramids and the sphinx. So, too, the Egyptian physicians of 3,000 years ago, used fruit juices as a medicine for treating blood troubles, liver and kidney diseases, and stomach weakness. Their method of mixing fruit juice as a medicine, is also one of the lost arts. A well known Canadian physician, however, perfected a method of utilizing fruit juices, which is one of the greatest discoveries of modern medical research.

"Fruit-a-lives" is the natural cure for Chronic Constipation, Biliousness, Indigestion, Torpid Liver, Kidney Diseases, Pain in the Back, Bad Complexion, Rheumatism, Nervousness, Headache and Neuritis. It is sold in 50c. a box, 6 for \$2.50, or trial box, 25c. At all dealers, or from Fruit-a-lives Limited, Ottawa.

## COL. HOWELL'S NEW POSITION

SALVATION ARMY MAN JOINS CANADIAN NORTHERN

Will Pay Special Attention to Securing Immigrants for Vancouver Island

The announcement that Lieut.-Col. Howell, head of the Immigration department of the Salvation Army, of Toronto, is to have charge of the immigration scheme of the Canadian Northern Railway Company, promises much for Vancouver Island, with the possibilities of which Col. Howell is known to be greatly impressed. The Salvation Army is already engaged in a colonization scheme on the Island and this enterprise was mainly due to the initiative of the official mentioned, who, it is anticipated, will in his new capacity, enlarge the scope of the same. Col. Howell will also pay special attention to securing the immigration of laborers of the most desirable class to engage in railway construction in this province, and also to bring to British Columbia settlers to engage in the fruit-raising industry.

The Toronto Globe, in a recent issue, had the following relative to the new position assumed by Lieut.-Col. Howell: Lieut.-Col. T. Howell, head of the immigration department of the Salvation Army in Toronto, has resigned that position and will take charge of the big immigration scheme of the Canadian Northern Railway Company. Mr. G. F. Southall, who has been working for the Salvation Army under Lieut.-Col. Howell, follows his chief to the railway company.

While the head offices of the new department will be in the Canadian Northern offices in this city, Lieut.-Col. Howell and Mr. Southall will do a great deal of their work in British Columbia. The intention of the company is to bring out farmers and farm laborers from the old land and to settle them on farms along the routes of the Canadian Northern in Manitoba, Saskatchewan, Alberta and British Columbia, or in Ontario if the new comers so desire. Plans for assisting those who desire to take up land by loans for the purchase of stock and implements, and for instructing them for the first year or so in Canadian farming, are under consideration.

Mr. Hanna, third vice-president of the company, says the scheme contemplates very extensive settlement on western farm lands, and is to absolutely eschew the British towns in securing immigrants, and to devote the energies of the new department to securing farmers, farm laborers and fruit growers, the latter, of course, largely for British Columbia.

Should the development of the coal fields of the west which the MacKenzie & Mann interests control require it, miners will also be brought out. Regarding domestic servants, it is understood that special efforts are to be made to secure the accustomed service in farm houses in British Columbia for similar positions in Canada, and for the other class of domestic arrangements will be made with some Toronto institutions to look after them when they arrive, and secure places for them all over Canada.

### PASADENA'S POPULATION.

Washington, D. C., Oct. 4.—The population of Pasadena, Cal., according to a bulletin by the census bureau, is 30,291. This is an increase of 21,174, or 232.2 per cent.

Headaches—nausea—indigestion—muddy complexion—pimples—bad breath—these are some of the effects of constipation. The mild, sensible, reliable remedy is

## NA-DRU-CO LAXATIVES

They contain the latest discovered and best evacuant known, which empties the bowels without the slightest discomfort and without disturbing the rest of the system. Constantly increased doses are not necessary. 25c. a box. If your druggist has not yet stocked them, send 25c. and we will mail them. 25 National Drug and Chemical Company of Canada, Limited, Montreal.

### OPENING OF SAANICH EXHIBITION ON FRIDAY

North and South Saanich Agricultural Society Preparing for Annual Show

What is expected to prove the most complete, largest and best exhibition ever held by the North and South Saanich Agricultural Society, will open on Friday and continue until the end of the week. This will be the forty-third fair of the association and it is to be celebrated in a manner which will be of credit to both municipalities.

The following committee is now working industriously outlining programmes to cover the two days of the fair: Fred Turgoose, president; J. T. Harrison, vice-president; Edgar F. John, secretary-treasurer; directors, W. Derrinberg, A. Roy, George Buttery, W. R. Armstrong, H. E. Tanner, J. W. Brethour, Geo. Stewart, M. Dean, W. D. Mitchell, H. F. Haldon, K. R. Streetfield, Geo. Clarke, Thos. H. Simpson, P. D. Goepel and D. Thompson.

Mr. Turgoose, the president, states that the people in Saanich are taking a great pride in the exhibition this year and will do all in their power to have it go down in the annals of the association as the "fair of fairs." On the prize list there are events for every class of live stock, products of the farm, household goods and other fancy articles. That the products of Saanich will be shown off to the best advantage is a foregone conclusion, as the greatest rivalry exists between the farmers of North Saanich and those of South Saanich. The pick of the north will be pitted against the best of the south.

Victorians are to be exhibitors in this fair. They will, in all probability, be represented in the various classes for horses as they have been in the past. Saanich possesses some fine equines, especially for agricultural purposes, but whether they can best the Victoria horses in the light classes is another question.

Arrangements have been made with the management of the Victoria & Sidney railway to have a special train run to Saanich on Saturday afternoon at 1:30 o'clock. In the past Victorians have always patronized the fair very largely and it is expected that on Saturday they will visit the Saanich exhibition in large numbers. All who attend the fair will see some of the finest cattle, horses, sheep, swine, poultry, grains, grasses, dairy products, fruit, flowers, ladies' work and girls' work that has ever been gathered together on the Saanich peninsula.

The provincial government has granted the society \$306. Among the other donors to the fair are: Saanich municipality, \$100; Victoria District Farmers' Institute, \$30; North and South Saanich Farmers' Institute, \$30; Hon. D. M. Eberts, K.C., \$15; and Hon. A. E. McPhillips, M.P.

A programme of athletics and horse races has been prepared. Victoria athletes have been invited to attend.

letes have been invited to attend the fair and undoubtedly, they will contribute to the silverware. The horse races will be run on the track in the field adjoining the fair grounds.

### NEW POLICE CHIEF.

Capt. J. F. Seymour Succeeds J. B. Martin at San Francisco.

San Francisco, Cal., Oct. 4.—At a meeting of the board of police commissioners yesterday, Captain John F. Seymour was appointed chief of police to succeed John B. Martin, who was retired with the rank and half the pay.

Seymour is well known in police circles, having been captain of detectives for several years until 1902, when he retired to become manager of the Fair estate. Later he was appointed chief of the detective bureau of the Wells-Fargo-Express Company, which position he resigned to-day to accept the office of chief of police in San Francisco.

In accepting the position he declared he had taken an oath to do his duty, and he would require every man in the department to do the same. He indicated that there would be a general re-organization of the detective force.

### STOMACH DISTRESS SIMPLY VANISHES

Indigestion, Gas, Heartburn or Dyspepsia Go and You Feel Fine in Five Minutes

If you had some Diapiesin handy and took a little now your stomach distress, indigestion would vanish in five minutes and you would feel fine.

This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your Pharmacist for a 50-cent case of Pape's Diapiesin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or Intestinal griping. This will all go, and, besides, there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at any drug store waiting for you.

These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of Dyspepsia, indigestion or any other stomach disturbance.

### Notice to Grand and Petit Jurors

NOTICE is hereby given that all Grand and Petit Jurors summoned to appear at the Law Courts on Tuesday, the 4th day of October, 1910, are relieved from attendance.

F. G. RICHARDS, Sheriff, Sheriff's Office, Victoria, Sept. 21st, 1910.

### \$100 REWARD

The undersigned will pay \$100 to any person giving such information as will lead either to conviction of the person who shot E. D. Allan or to adequate compensation for the latter's injuries.

# Note These Snaps New Bungalow \$3300

\$200 Cash, Balance \$25 Monthly

Situated on a lot 50x204 ft. 2 blocks from Fort street car; no rock, and almost as level as a floor. This beautiful little residence has just been finished. The rooms consist of hall, parlor, dining room, kitchen, pantry, bathroom, linen closet, clothes closets in each of the two large bedrooms; full sized basement with furnace and cement floor. There is a little verandah in front and a fine large verandah about 12 ft. square at the rear. Cement walks from the street to back door of the house. Note the very easy terms on which this may be purchased and see us at once.

## Fort St. Snap Parkdale

30x120 Feet  
\$6,300

Only \$2,500 Cash; Balance 1, 2 and 3 Years  
at 7 Per Cent.

This property is between Vancouver and Quadra streets, and is a fine business site for persons who require a lot of this size. Note the particularly easy terms on which this property can be purchased.

The public has heard a good deal of Parkdale. What they have heard has been of great value to many people who had foresight keen enough to invest in lots where several people made 200 per cent on the money invested.

There are only two lots left at \$200 each with \$25 cash and \$10 monthly. You can get one. Other very fine ones on re-sale at \$250 upwards.

## Pemberton & Son Cor. Fort and Broad Streets, Victoria

### Snap in House

PANDORA AVE.

EIGHT ROOM HOUSE, all modern, brick and stone foundation; basement; stable for five horses. Lot 65x125 ft.

PRICE, \$4,750

Terms \$2,000 cash; balance to arrange.

This is a good buy as lot is worth \$3,000, and house and improvements are worth at least \$3,000.

CURRIE & POWER

Phone 1468.  
1214 DOUGLAS STREET.

\$250 Will Buy This Beautiful Home

The balance on easy monthly payments. Nestling amongst shrubbery and fruit trees, in one of the choicest parts of James Bay, rests this pretty little home. The lot is large, and like the house, has been well cared for. The price, \$250, is within the reach of all. It would require a space three times the size of this ad. to tell you all the good points of this tiny little home.

### PLAYS GOLF AT NINETY YEARS

SIR CHARLES TUPPER  
RESIDING IN ENGLAND

Former Conservative Leader Still Takes Interest in Canadian Politics

After the stress of nearly half a century on the political life of Canada, Sir Charles Tupper, one of the fathers of Confederation and former prime minister, is living a secluded life in rural England.

"It is a case of 'ex necessitate'," he said, when asked why he lived in England. "The health of Lady Tupper, while it has improved, will not permit her to take an ocean voyage. I should certainly prefer to live in Canada."

Speaking to Sir Charles it is difficult to believe that Canada's aged statesman is in his 90th year; the fact that at this advanced age he still plays golf evidences his wonderful vitality. The passing of the last ten years has made little impression on the renowned son of Nova Scotia; that familiar stoop is not more pronounced than when last seen in the House of Commons.

In an interview at his residence "The Mount," Bexley Heath, Kent, Sir Charles speaking of the wonderful development of the Dominion said:

"I have witnessed the immense progress of Canada with intense satisfaction. Forty years ago I was regarded as a very sanguine man when I prophesied the future of Canada; but its development has passed my most sanguine expectations, and occupying as it does the best portion of the North American continent, it is obvious that at no very distant date it will hold a most commanding position in the world."

"Do you think that Canada as it develops in importance will want to take a large part in the government of the British Empire?" was asked.

"The present generation," he replied, "will, in my opinion, see the population

of Canada surpass that of the United Kingdom, but I see no reason to suppose that Canada and the other Dominions, however great and important they may become, will not be proud to enjoy the position of sister nations. Of course all the importance that attaches to any portion of the Empire will be greatly enhanced by the future greatness of Canada, and the Empire by the development of its outlying parts will command still greater influence in international affairs than it wields at present."

On the much discussed question of annexation to the United States Sir Charles was quite emphatic. "The question of annexation was settled in the contest of 1891, and in my judgment settled for ever," he said.

Asked what position he thought Canada would take in the event of a European war, Sir Charles declined to give an opinion. When it was suggested that a defensive alliance between the United States and Great Britain would be a happy solution and would dispel any fear of England being overwhelmed in an European conflict he was warmly sympathetic.

"If Great Britain and the United States would stand together," he said, "no combination of powers could affect their position. They could keep the peace of the world. I do not mean that they could prevent the antagonisms of European countries among themselves, but they could maintain the supremacy of the Anglo-Saxon race."

Sir Charles is an ardent believer in the benefits of protection. "Canada owes all of its present greatness to a protective policy and that policy will be maintained. Protection in Canada will not be abandoned in your time," he said.

Discussing the question of Imperial preference Sir Charles said:

"I look upon a mutual preferential tariff between the Dominion and the other portions of the British Empire as a policy that will be attended by the happiest results, by creating a strong bond of mutual self-interest to exist to the sentimental loyalty that now exists in all parts of the Empire."

Sir Charles' recreations are driving and golfing. Frequently he is to be seen on the links which adjoin his house.

"I am very fond of golf," he informed the reporter, "but my medical adviser restricts my participation in the game to 'putting.' It is a consolation, however, to know that all cham-

### New Cottage, Five Rooms

Pantry and Bath Room, Enamel Bath and Wash Basin, Concrete Foundation, Basement.

Nice Lot, 54x120

Hillside Avenue

NEAR QUADRA STREET.

This is a snap to any one wishing to purchase a home by monthly payments. The extension of the tram line on Hillside avenue or Quadra street would increase the value of this considerably.

Price \$2,300. \$400 Cash

Balance \$25.00 Per Month, Including Interest.

### TO HOME SEEKERS!

BRANCH OFFICE AND FACTORY, 885 YATES STREET.

If you require Lumber in large or small quantities we shall be pleased to supply it.

pionships are decided on the 'putting green,' he added jovially.

Sir Charles' son, J. Stewart Tupper,

and his wife and family are at present visitors at "The Mount."

Mr. Tupper is in England pleading cases before the judicial committee of the privy council. Sir Charles Hibbert Tupper of Vancouver, and William Tupper of Winnipeg, are expected shortly.

"It has been a source of unbounded satisfaction to me," said Sir Charles, in conclusion, "that all the great measures in which I was permitted to take part have been solved practically in the direction of my exertions; the Confederation of Canada, the binding together by steel bonds of the provinces from the Atlantic to the Pacific, and the opening up of that great granary between the Red river and the Rocky mountains, which under a policy of protection Canada was able to achieve, enable me to look back with great satisfaction on the consummation of the great questions with which in my public life I was occupied."

"You ask me to give you a message to Canada. It is this: 'Go on and prosper.' No country in the world, in my judgment, is prospering to such a great extent as Canada, or on so sure a foundation, and it would pass the most prophetic vision to say what position she will obtain in the not distant future."

### Saved Her Life

The honest straightforward statement of Mrs. Rhoda Pritchard, of Astoria, L.I., is convincing proof of the great merit of Duffy's Pure Malt Whiskey as a family medicine.

"I have taken Duffy's Pure Malt Whiskey for twenty years, and it has saved my life several times when I had been given up to die by my physicians. I am now sixty-six years old and hale and hearty, thanks to Duffy's Pure Malt Whiskey. My children tell me I do not look a day older than fifty, and I do not feel even as old as that."

Mrs. Rhoda Pritchard, 6th Ave., Astoria, L. I.

### Duffy's Pure Malt Whiskey

has to its credit 50 years of success without a question as to its merits as a curative agent. It quickens and strengthens the heart action, aids digestion, restores health and vigor; makes the old feel young and keeps the young strong and vigorous.

All druggists, grocers and liquor merchants, or direct, \$1.50 a large bottle. Refuse substitutes and imitations; they are impure and dangerous. Medical booklet and doctor's advice free.

The Duffy Malt Whiskey Co., Rochester, N. Y.

## LINEMAN KILLED NEAR VEDDER RIVER

First Fatality in Construction of  
B. C. Electric Railway to  
Chilliwack

New Westminster, Oct. 3.—The first fatality in the construction of the British Columbia Electric Railway Fraser valley branch from New Westminster to Chilliwack occurred, when B. B. Slater, a lineman, 34 years of age, died from the effects of injuries sustained in the falling of a pole on which he was working near the Vedder river. He lived in Seattle and leaves a wife and three small children.

The unfortunate man was employed by the contracting firm, the Waugh-Milburn Construction Company, who have the contract for stringing power wires for the B. C. E. R. from Chilliwack for some distance west. He had a sub-contract near the Vedder river on which he was working. The gang of men was at work about one-quarter mile west of the Vedder river on the farm of Joseph Knox. Slater had climbed a 60-foot pole set in light sandy soil and not tamped and was engaged in pulling in a cross-arm on a high power pole when he felt the pole giving way.

Strapped close to the top of the pole to allow his using both hands in the work on which he was engaged, he was unable to free himself as the pole fell. It struck the bank of the pole with a crash and broke in the centre and the top rebounded striking the man in the head and breaking his neck. He lingered for over an hour, but never regained consciousness.  
The authorities were notified and Dr. Pelly, of Chilliwack, went out to the scene of the accident and decided that an inquest was unnecessary.

## BOY WOUNDED.

New Westminster, Oct. 3.—William Greenwood, 1513 Sixth avenue, was shot in the shoulder while in the west end of the city by a bullet from a gun of some unknown person. He was taken to the Royal Columbian hospital, where his injuries were attended to by Dr. Kennedy and were found to be not so serious as at first supposed.

According to the information available the lad was down at the western limit of the city near the lower end of Sixteenth street on the North Arm of the Fraser, with a herd of cows. As he was passing along a bullet struck him in the shoulder inflicting a nasty wound and severing the nerve. He managed to get to his home and was conveyed to the city on a B. C. E. R. interurban car. The police were notified of the occurrence and an officer went down to investigate the affair and find out, if possible, who did the shooting. From the appearance of the injury Dr. Kenney is of the opinion that it was done by a spent bullet, possibly from some one out shooting in the vicinity whose bullet found a mark other than the one intended.  
This is the second occurrence of this character in that neighborhood and an effort will be made to put a stop altogether to shooting as being dangerous to life.

## HAD CLOSE CALL.

Phoenix, Oct. 3.—Alton Matheson, a youth of sixteen, had a narrow escape while out shooting grouse with a companion, John McDonald, near the Skylark mine. He was standing, one foot on each of two logs, holding a shotgun, muzzle upwards and cocked, when it fell and was discharged by the trigger hitting a log. The full charge of the weapons went upwards, parallel with his body, tearing his clothes and inflicting deep wounds over his stomach and on his face. He was driven home immediately after the accident, and received medical attendance, and is now thought to be out of danger.

## NATIVE SILVER AT AINSWORTH

New Strike Made on the Weiss Group—Bright Outlook for Sheep Creek

Nelson, Oct. 3.—A new strike has just been made on the Weiss group of veins in the Ainsworth silver-lead camp, according to Jack Underhill, the well-known miner. Manager, Executive of the Minneapolis company that is developing the property under bond, has progressed 150 feet on the large cross-cut tunnel that is expected to cut the three veins traced on the surface of the property, the first at 300 feet in the second at 500 feet, and the third at 1,500 feet. A few days ago a blind quartz lead was encountered in the tunnel of galena showing in veins or cavities in the quartz. The width of the vein was about a foot, and from the appearance of the ore it was judged to carry good values. No drifting has yet been done on this vein, and the tunnel is being proceeded with. The property is the nearest to the town of any of the operating properties, and is situated on the south side of Cedar creek.

E. B. Irving and J. P. McDonald, the well-known Sheep Creek miners, have arrived in the city after completing the new trail to the cabin of the Eureka gold mine on Caribou creek. About \$1,000 has thus far been expended on the trail, and a month's work, and all that now remains is the putting in of a small bridge at one point.

Messrs. Irving and McDonald are owners, with W. Kennedy and James Van Hook, of the Rainy Day and Four Flush mineral claims, on Wolf creek, which were staked by Mr. Irving a short time ago. Mr. Kennedy, who is the chief owner of the Eureka, now under bond to the Van Houten-Heymann syndicate of Vancouver, for some time was a prominent figure in the mining community.

"This ledge runs like a pavement through both claims," said Mr. Irving, in describing the property. "In fact, it is the most prominent surface showing of the kind I have ever seen, and I have mined in a good many countries. The vein matter is fully 10 feet wide, and in various places small veins run into the main vein."  
"I have only been on Sheep Creek a year," concluded Mr. Irving, "but from my experience in a lifetime of mining I fully expect to see in the future, not merely a few big producing mines in this camp, but a very large number of producing mines. I have never been in a gold camp that had anything like the number of rich showings. If the Sheep Creek camp were in Colorado there would be a rush that would fill the papers and thousands of men would be at work developing the many properties."

## WOMAN KILLED.

Kamloops, Oct. 3.—A shocking accident occurred in the Simon Fraser district, resulting in the death of Mrs. S. F. Woodland, and Mrs. Woodland were out driving when the rig struck a stump in the road. Mr. Woodland was thrown clear of the rig, but the unfortunate woman's foot must have caught in the lines or something and she dragged along for half a mile, trailing over rocks and stumps. She was taken home but never regained consciousness and died a day or two later.

## CLINTON FALL ASSIZE.

Clinton, Oct. 3.—The Clinton fall assize opens to-morrow with Justice Gregory presiding. There are a number of important cases on the docket. The most prominent case is that of Rex vs. Walker and Chinley for murder, resulting in a capital charge against two half-breeds for the alleged murder of John Barich at Lytton, an attempted murder charge against a section man, also from Lytton, and a stabbing affray from Fort George which was traversed over from the spring assize.

Sickness is usually caused by the accumulation of waste matter and impurities within the body.

## Dr. Morse's Indian Root Pills,

enable the bowels, the kidneys, the lungs and the pores of the skin to throw off these impurities. Thus they prevent or cure disease.

25c. a box.

## SWEPT INTO CANYON BY ROCKSLIDE

Man Lies Unconscious for Nine Hours With Broken Arm and Leg

New Westminster, Oct. 3.—W. Cory of Hataie, sustained a broken arm and leg, and suffered numerous other injuries, when he was swept to the bottom of a two-hundred-foot canyon, where he lay for nine hours unconscious and having to set his own arm and leg before leaving the place.  
Three weeks ago Cory was prospecting in the vicinity of Stave Lake Mountains, when he had the misfortune to be caught in a rockslide. He heard the approaching avalanche of rock and debris, but was unable to get out of its path. He lay in the canyon in an unconscious state for nine hours, when, bruised and bleeding profusely, he set the arm and leg, cut a crutch for himself from a nearby tree, and crawled to camp, a distance of seven miles.  
He is now said to be well on the way to recovery.

## DEEPENING CHILLIWACK RIVER.

Vancouver, Oct. 3.—The dredging and deepening of the channel of the Chilliwack river four and a half feet, came up for discussion at a meeting of the city council through a communication from the rural council to meet the city council half way in defraying the expenses of the work. The work being offered by Mr. Cruikshank for \$2,000. It was agreed after discussion that this council with the township council engage the Cruikshank dredge at the offered price of \$2,000 and furthermore agree to pay one-half the cost of work on condition that the channel be dredged to depth of four and one-half feet from the mouth of the Chilliwack to a point on the Pyvia place, the work to be done without the construction of dams.

## BY-LAW TO REGULATE STREET TRAFFIC

Is Finally Passed by the Fire and Police Committees of Vancouver Council

Vancouver, Oct. 3.—At the meeting of the fire and police committees of the city council Assistant City Solicitor Jones was instructed to draft a by-law making it unlawful to ride on the back of any vehicle. Thus for the future it will be ride in the inside of the car or not at all. There will be no hanging on to the back of the car. Nor will the small boy on his way to school chase the fleeing express wagon and jump at the yell of "whip behind." Even the driver will be protected from the taunts of that same boy.

The meeting was called to continue the discussion on the by-law to amend by-law 576. Sub-section "A," section 2 of clause 20, which provides that slow-going vehicles should keep as near to the left curb as possible at all times, was passed. There was some discussion as to the clause as the representatives of the teamsters argued that at times when the streets were slippery it was impossible for the heavy teams to get along if they were in any other part than the centre of the street. It was explained that at such times it was left to driver to use his discretion, and that if he showed that he was doing his best to save his team no conviction could possibly follow.

Sub-section "B" met with some opposition at the instance of Messrs. Kirk, Evans and Baxter, all of whom were men who employed many teams in delivering goods throughout the city. This sub-section made it imperative that all teamsters desiring to cross the street should do so absolutely at right angles and should make the complete turn. The opposition stated that it would entail considerable waste of time. The by-law was amended so as to make it in force on Pender, Hastings, Granville and Water streets and on Westminster avenue within certain limits.

The right-of-way clause, by which teams going east and west are given the right-of-way over teams going north and south, was amended to the same extent. The backing-up clause, by which a team wishing to make a turn, was prohibited from backing up, was struck out.

Sub-section (1) provided that no longer stop that three minutes could be made in any street. This caused considerable discussion and it was finally amended to read "twenty minutes" instead of "three," and that even then it should only be in force on Hastings street from Gore avenue to Granville street, on Westminster avenue from Cordova to Prior, on Granville from C. P. to Nelson, and on Cordova from Carrall to Granville, from 6 a. m. to 7 p. m.

## VANCOUVER Y. M. C. A.

Vancouver, Oct. 3.—To meet the growing demands upon its space caused by a rapidly increasing membership, the Vancouver Y. M. C. A. has bought a site in the West End upon which a handsome building will be erected which will more adequately accommo-

date the large number of young men and boys who are affiliated with the organization. The site acquired runs from Georgia to Alberni streets and is 132 feet on each. It is understood that the Y. M. C. A. will shortly call for plans for its new home and the present site and building on Cambie street will be disposed of.

## PAYMENTS MUST BE MADE IN CASH

## Prince Rupert Council Adopts Report Regarding Use of Streets for Excavations

Prince Rupert, Oct. 3.—The city council has endorsed the report of the streets committee relative to dumping excavation material on the streets, and a fixed rate of 25 cents a yard as the sum to be collected. This will be required in cash and is made in two specific cases. One is the application of Mr. Barker, and the other of Mr. Potter. The report stated that Ald. Lynch and Barrow of the committee favored making the payment in cash, while Ald. Hilditch, another member of the committee, was in favor of a bond being given.

Ald. Hilditch presented a minority report on the subject, setting forth that he favored a bond being issued payable upon demand by the city.

Ald. Barrow said that Ald. Lynch and himself had come to the conclusion that a cash bond was the better method in view of the fact that the city collector pointed out difficulties to be encountered in giving a bond. The charge of 25 cents a yard would not be too much.

Ald. Hilditch thought that a bond endorsed by a second party would be a perfectly safe measure.

Ald. Mobley said he had changed his mind somewhat in this matter. He had done this because he had heard remarks from property owners that they would dump the excavations on the street now so as to get rid of it cheaply as it was felt that later on it would be stopped. He thought property owners should therefore be charged.

Ald. Patullo, in moving the adoption of the report, stated that the position he took was that no permit should be granted to dump on the street unless building was to follow immediately.

Ald. Barrow said all the members of the committee were agreed that permits should be granted only to those who were to build and not to allow promiscuous clearing.

The report was adopted.

## NEW VIGOR FOR BRAIN AND BODY Comes With Every Dose of DR. A. W. CHASE'S NERVE FOOD

When you use Dr. A. W. Chase's Nerve Food you are doing good to every cell and tissue of the human body.

The heart beats stronger, the nerves of the stomach do their part in making digestion better, the liver, kidneys and bowels are strengthened in action and you are certain to feel better in every way.

True, Dr. Chase's Nerve Food cures nervous prostration, locomotor ataxia and partial paralysis. There is abundant proof of that.

But do you want to take the risk of neglecting the earlier indications of nervous trouble?  
Why not put Dr. A. W. Chase's Nerve Food to the test when you are weak and run down, when your head aches and sleep fails you?  
Keep the blood rich and the nerves in vigor all the time and avoid the more serious forms of disease. You can depend on Dr. A. W. Chase's Nerve Food to do this for you. 50 cts. a box, all dealers or Edmanston, Bates & Co., Toronto.

## RIVAL SCHEMES BEFORE COUNCIL

### QUESTION OF ERECTING ANOTHER THEATRE

Mrs. James Anderson Protests  
Against Proposal of Aid to  
Klaw and Erlanger

Mrs. James Anderson, who is interested in the project for the erection of a theatre on Government street on property opposite the parliament buildings, appeared before the city council last evening and explained the status of the scheme and the relation it bore to the rival proposal advanced by Klaw & Erlanger.

The interview proved the reverse of satisfactory to Mrs. Anderson, who left after making the statement that she was disinclined to go into the matter any further with a special committee of the council. She desired an assurance from the board that the city would not aid the rival project, but this was not given, the mayor and aldermen taking the position that they could not give any such assurance unless they knew of a certainty that Mrs. Anderson's company was financially able to go ahead with the project in hand.

In outlining her case to the board, Mrs. Anderson first of all complained of what she termed the "shabby treatment" of Simon Leiser in connection with her project. This gentleman, she alleged, had personal knowledge of all her plans and had on more than one occasion assured her that the money which had been subscribed by the railway companies to aid in the construction of a theatre would be at her disposal. She had been very greatly surprised when Mr. Leiser had come before the council and denied that there had been any understanding that this money would be available for her enterprise. What she desired to know from the board, however, was whether the city proposed to erect a theatre? If this was the case she would drop the scheme on which she was working.

Replying to a question put by the mayor, Mrs. Anderson said that John Cort, president of the Northwest Theatrical Association, had guaranteed 5 per cent. net on a theatre to cost not less than \$100,000. She had agreed to furnish the land necessary for the site and take debentures. There had been no assurance that the railway companies would assist. It would be an open house, Klaw & Erlanger, on the other hand, did not admit attractions other than their own to play at their theatres. She would be glad to see the city take over Mr. Cort's scheme and erect the building on city property if that arrangement was considered the best one.

The mayor remarked that he understood Klaw & Erlanger intended paying all the cost of the theatre they intended erecting in Vancouver.

Mrs. Anderson had heard that Mr. Klaw had left Vancouver without coming to any arrangement regarding the erection of a theatre.

To Aid. Mable, Mrs. Anderson said that if Victoria was going to aid a trust in the erection of a theatre she would drop her scheme.

Several aldermen thought that the best way in which to deal with the matter would be to have the special committee go into the merits of Mrs. Anderson's scheme and report back to the board. To this Mrs. Anderson replied that she desired to have an immediate answer.

Ald. McKeown assured Mrs. Anderson that the council had no desire to go into the theatre business. The board felt, however, that some legitimate scheme should be assisted. Personally, he was of the opinion that an open house should be encouraged in preference to one which would restrict plays to those of a special syndicate.

Ald. Langley directed the attention of the board to the fact that he had at the last meeting warned the council not to endorse Klaw & Erlanger's project until they had ascertained the status of the rival scheme, which seemed to be pretty well advanced.

Mr. Leiser had, however, said on that occasion that there was no chance of Mrs. Anderson's scheme maturing, as she would not get assistance from the railway companies.

Mrs. Anderson assured Ald. Langley that Mr. Leiser knew very well that the railway companies were agreeable to aiding her scheme.

Mayor Morley felt that the city ought not to take sides with a trust company as against a scheme which provided an "open house."

Mrs. Anderson again urged that the board come to a prompt decision about the matter. She had a cardboard of chairs on the way now and would like to know what to do with them.

After some further discussion the mayor said that if Mrs. Anderson would convince the board that the railway magnates were going to assist her scheme the question could no doubt be settled in five minutes.

Mrs. Anderson—Do you interfere in other people's business in that way? The mayor—That is not the point. You ask us to drop our scheme. Surely it is pertinent to enquire into the merits of your proposal before we make any decision. The council must have some knowledge of what your resources are. Otherwise we might as well act as to lose both schemes.

Mrs. Anderson—I can only give you my word; and that is as good as any body's.

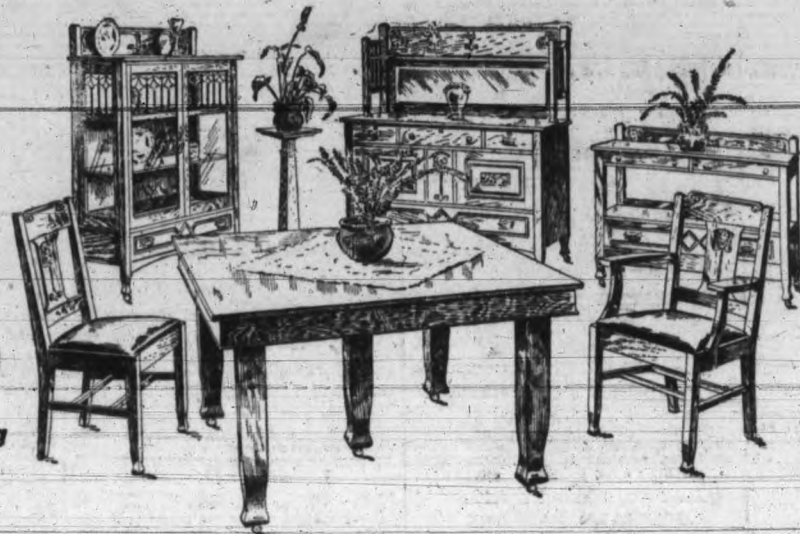

After some further discussion an offer was made to Mrs. Anderson that the special committee would confer with her and report back to the council, but the lady left the chamber, remarking that she had no desire to meet the committee.

### HIS IDEA OF FIGURE

"John, dear," cried the young wife, glancing up from the physical culture magazine she was perusing, "what is your idea of a perfect figure?"  
"Well," replied her husband, "I don't know, but I think it's near enough to satisfy a man of my simple tastes."—Chicago News

Rain, .91 inch.

Bright sunshine, 4 hours 56 minutes.

General state of weather, showery.

"FACING THE MUSIC."

Stock Company Gives Good Presentation at the Victoria.

Last night at the Victoria theatre the Huron L. Blyden Co. presented an original farcical comedy in three acts, "Facing the Music." This production has already been given a presentation here by a road company, and it can be safely said that Mr. Blyden's clever company did not suffer in comparison.

The lines are bright, in fact a laugh is contained in nearly every one so that those who braved the weather were well repaid for their trouble. Too much cannot be said for this production and quite a number of remarks were heard as the audience left the theatre that they had enjoyed the performance as much as any that has been produced by this company since its stay in the city.

"Facing the Music" will be presented all the rest of the week except Saturday, when Wilton Lackaye will hold the boards, presenting "The Battle."
